15.2 Draft Policy – CP054 Victoria Park

Draft Policy – CP054 Victoria Park

Ordinary Meeting of Council

Wednesday 27 July 2022 at 7:00pm

Queenscliff Town Hall

COUNCIL POLICY

Victoria Park	Adopted By Council:		
	Date/s Revised:		
	Next Review Date:		
	Document No:	CP054	
	Directorate:	CEO Office	
	Responsible Officer	Chief Executive Officer	

CONTEXT

Victoria Park is located on land in the township of Queenscliff. Victoria Park was reserved for Public Gardens and Recreation purposes on 20 January 1868. Camping in Victoria Park commenced in 1937.

In December 1997 Council resolved to restrict camping in Victoria Park to the period between 1 December and 30 April each year. For the rest of the year Victoria Park functions as a public park.

A storm event on 29 October 2021 caused significant damage to vegetation within Victoria Park requiring the removal and lopping of many trees. In response, Council committed to revegetating and restoring Victoria Park. This policy supports this commitment by setting out a framework for managing Victoria Park for future use.

PURPOSE

This policy sets out the principles Council will use to manage Victoria Park to protect the environmental values and enhance the amenity of Victoria Park for all users. These principles seek to both:

- (a) deliver on Council's commitment to improving the management of Council-operated tourist parks for the benefit of the whole community, specifically, by bettering dual use areas for community and visitors alike; and
- (b) uphold Council's core value of sustainability and its commitment to delivering environmental regeneration actions under the Climate Emergency Response Plan.

DEFINITIONS

For the purposes of this policy, the following definitions will apply:

- **Vegetation Reserves:** areas within Victoria Park permanently reserved for vegetation
- **Restricted Camping:** areas with Victoria Park that will be opened for low impact camping for limited periods within the annual period Victoria Park is open for camping
- **General Camping:** all other areas within Victoria Park that are not vegetation reserves or restricted camping areas

These areas are identified in the Victoria Park Plan 2022 (**CP054 Appendix 1**)

POLICY

It is policy that the following principles underpin the ongoing management and future use of the park:

Park Management

- a. Victoria Park will remain dual use, a public park and place for campers with distinct areas for vegetation and camping
- b. Camping will be permitted in the General Camping areas from 1 December 1 to 30 April, and the Queenscliff Music Festival weekend.
- c. Low impact camping will be allowed in Restricted Camping areas:
 - i. During the Queenscliffe Music Festival
 - ii. For five weeks from 26 December until 31 January
 - iii. With a caravan or recreational vehicle with a maximum open length of 6.5 metres
- d. Camping in Restricted Camping areas may be subject to further restrictions if a qualified arborist assesses that camping is having a detrimental impact on vegetation growth, canopy enhancement and/or habitat regeneration
- e. No camping will be permitted in Vegetation Reserves
- f. There will be no public access to Vegetation Reserves

Environmental Management

- a. Council will revegetate Victoria Park
- b. Revegetation will include an appropriate mix of indigenous and exotic plants recognising and extending Victoria Park's ecological history.
- c. There will be a strong focus on increasing tree canopy, maintaining biodiversity and increasing habitats at the site over the long-term.
- d. The relevant elements of the Climate Emergency Response Plan and the Wadawurrung Healthy Country Plan will be applied in the long-term environmental management of the park.
- e. Council will look to partner with the community when planning and undertaking revegetation, vegetation management and environmental preservation at the park.

CONTINUOUS IMPROVEMENT

This policy will be reviewed on a continuous basis, but as a minimum every two years from the date of adoption.
