# CEO's introduction

I am pleased to present the draft Borough of Queenscliffe budget for 2023 – 2024.

In preparing the 2023- 2024 Draft Budget the focus for the administration has been to find a balance between competing, but often complementary, priorities. These include the implementation of Council decisions and strategic direction, absorbing the financial impacts of legislative changes made by other levels of Government, and ensuring the long-term financial sustainability of the Borough.

This year, the work to find this balance has been informed by numerous external and internal inputs, including but not limited to:

- Community responses to the Budget Survey undertaken in November 2022
- Councillors through a series of workshops commencing in December 2022
- Advocacy of representative community groups through discussions and submissions
- Advice from the Minister for Local Government that the rate cap for 2023 2024 is 3.5%
- Impact of inflationary pressures on materials, goods, and services
- Impact of interest rate changes
- Implementation of asset management plans; and
- Receipt of Government grants.

Underpinning these inputs is the annual cost of running the business. Each year 80% of the expenditure incurred by the Borough Queenscliffe is non-discretionary, meaning, costs required to manage our regulatory responsibilities and provide the services expected of a local council are essentially set.

In this context Council has prepared a balanced budget and importantly a draft budget that reduces the projected underlying deficit for the next four years by \$64,000 a year to annual average of \$167,000.

This result strengthens our long-term financial sustainability.

In addition to the annual investment in maintaining and renewing existing assets Council has budgeted for a modest capital works budget. Council is has allocated \$2.8 million for capital works. The proposed program includes two new projects initiated by the community which have received funding from other levels of government:

- \$1,000,000: Point Lonsdale Maritime & Defence Precinct development (State Government budget commitment)
- \$160,000: Queenscliffe Rec Reserve lighting upgrade (Federal Government election promise)

As the land manager Council's role in these projects will be to receive and manage the funding, secure relevant permit approvals, and oversee the delivery of the works.

Other capital works projects include and allocation to install a heating and cooling in the original Town Hall which will facilitate greater community use of the building, and an allocation to extend the fence in front of the eroding dune face at Dog Beach to minimise access and improve safety. An overview of the entire capital works budget, including the project budget allocations is set out below in the executive summary section.

The draft budget also includes an overview of the new operating projects that Council will undertake during 2023 -2024. These projects further the strategic priorities set out in the Borough of Queenscliffe Council Plan 2021 – 2025. In a number of cases the operating projects initiate the planning phase of proposed projects. The allocations for these projects include budgets for community engagement. This

planning work helps Council and the community consider projects in their fullness prior to any decision to commit or invest.

The information set out in the draft budget outlines all the financial information used to produce the budget. It outlines our income and revenue, anticipated expenditure, and the financial position we expect to find ourselves in at the end of the 2023 -2024 financial year.

I think it is a reasonable but responsive budget that continues the responsible financial management practices and outcomes that define the Borough of Queenscliffe and allow us to remain a viable and independent Council.

I look forward to hearing what the community thinks and encourage you to participate in the consultation process over the next month.

Martin Gill Chief Executive Officer

### **Executive summary**

#### 2021–2025 Council Plan

Council has prepared a budget for the 2023–24 financial year that is aligned to the vision in the current Council Plan. This vision focuses on the following five key strategic objectives:

- 1. To support community wellbeing and encourage an active lifestyle;
- 2. To protect our environment and address climate change issues;
- 3. To support a prosperous and diverse local economy;
- 4. To protect our distinctive coastal, cultural and built environment, and provide sustainable, suitable infrastructure; and
- 5. To provide a financially viable Council that is accountable, transparent and practices good governance.

#### 2023–24 Budget

The budget details the resources required over the next year to fund the large range of services Council provides to the community. It also includes details of capital expenditure allocations to be spent on improving and renewing Council's physical infrastructure, buildings and operational assets as well as funding a range of operating projects.

After two decades of low inflation in Australia, the country is experiencing very high inflation. For example, Australian inflation achieved its highest level since the 1990s, with the Consumer Price Index (CPI) increasing by 7.3% over the year to the September quarter of 2022. High inflation translates to increased costs of capital (e.g., interest rates) and goods & services which will affect all organisations albeit to varying levels. The Reserve Bank of Australia (RBA) predicts the inflation at the beginning of the 2023-24 year to be at 6.75% and it to gradually drop to 3.5% by the end of the year.

The budget is prepared on several assumptions about the economic conditions and how they will affect the operation of the Borough. These assumptions will be refined and adjusted in quarterly forecast previews as they emerge.

On a cash basis, the Draft Budget is a balanced budget with a zero-debt balance sheet and, despite the inflationary pressures on materials, goods, and services, the Draft Budget does not draw any funds out from the general reserve.

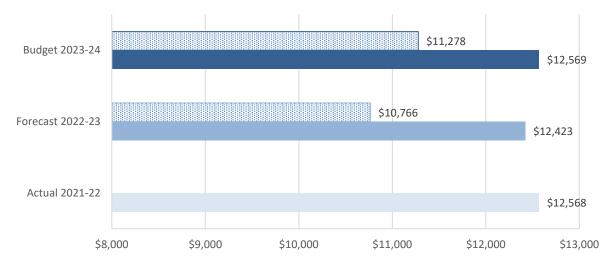

Key items in the 2023–24 budget have been detailed below.

#### **Operating Income**

The proposed budget indicates a growth of 1.2% (\$146,000) in total operating income compared to the 2022–23 financial year. However, the operating income for the 2022–23 financial year is misleading due to the accounting profit from the sale of assets (the sale of Murray Road land) and early receipt of 2022–23 Financial Assistance Grants (FAGs) in 2021–22.

Excluding the accounting profit from the sale of assets, waste management charges, non-recurrent grants and allocating FAGs to years to which they relate, there is a \$513,000 (4.8%) increase in recurrent operating income (represented by data series with pattern fill in the below chart).

#### **Operating income (\$'000)**

#### Rates

The budget includes a rate increase of 3.5%. This is in line with the State Government's rate capping framework, which has capped rate increases by Victorian councils. The additional income estimated due to the rate increase is \$243,000 (annualised basis). The total rates income for 2023–24 is estimated to be \$7,200,000.

#### Waste management charges

The income from waste management charges is estimated to increase by \$90,000 in 2023–24 to \$1,289,000. To ensure the full cost recovery strategy for waste services, Council has decided to recover direct employee costs of waste management operations also via waste management charges. However, if Council had tried to recover full cost of waste services in 2023–24 within the same year, the total income from waste management charges should have increased by \$152,000 (13%). Council has phased the full recovery of direct employee costs associated with the standard kerbside waste services over a couple of years to minimise the impact on users. This deficit will temporarily be financed through the unallocated cash reserve (general reserve) of the Borough.

The projected increase in waste management charges for a residential property is \$29.24 (7.3%) in 2023–24. Without the phasing of cost recovery, the waste management charges for a residential property should have increased by \$50.77 (13%) in 2023–24.

#### **User fees**

The fees from Council's tourist parks contribute the largest portion of the user fees budget, with a total anticipated income from tourist parks of \$1,876,000 for the 2023–24 financial year with an estimated increase of \$60,000. The increase in the income from tourist parks is mainly due to the proposed increase in tariff by 3.5%.

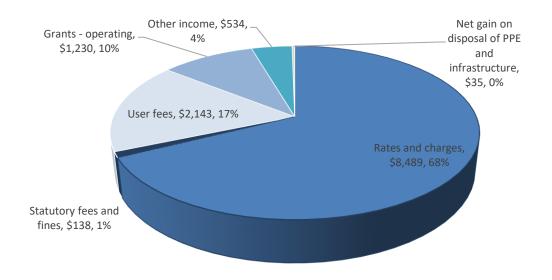

#### **Operating grant**

The total operating grant income for 2022–23 is highly understated due to the early receipt of 2022–23 FAGs in 2021–22. When allocating the FAGs to the financial years to which they relate, there is no growth in operating grants projected for 2023–24.

#### Other income

Due to sales proceeds from Murray Road land, the average investment in Term Deposits (TDs) is expected to be higher during the year 2023–24 resulting in a significant increase in projected income from interests for the 2023–24 financial year.

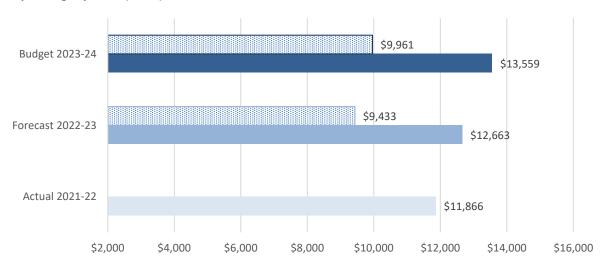

#### Sources of operating income (\$'000)

#### **Operating Expenses**

The proposed budget indicates a growth of 7.1% (\$896,000) in total operating expenses compared to the 2022–23 financial year.

Excluding non-recurrent expense items, depreciation and waste management expenses (linked to waste management charges under the full cost recovery strategy), there is a \$529,000 (5.6%) increase in recurrent operating expenses (ongoing basis) in the 2023–24 proposed budget compared to the forecasted total operating expenses on the same basis for 2022–23 (represented by data series with pattern fill in the below chart).

#### **Operating expenses (\$,000)**

#### **Employee cost**

Employee costs are to increase by \$473,000 (9.5%) in the 2023–24 financial year.

Excluding the impact of staff vacancies and one-off staff costs, the projected increase in employee cost for the 2023–24 financial year is \$449,000 (9.0%) mainly driven by a 3.5% increase in salaries & wages (3.0% increase in line with the EBA and 0.5% super guarantee increase) and additional employee cost of extra staff resources dedicated to key initiatives of Council as outlined in note 4.1.7. to the financial statements.

#### **Materials and services**

Materials and services are budgeted to increase by \$428,000 (7.2%) compared with the 2022–23 financial year.

However, excluding waste management costs and non-recurrent operating expenses (rates-funded and grant-funded), there is a 2.6% (\$107,000) increase in recurrent materials and services expenses.

#### Depreciation

The projected depreciation expenses for the 2023–24 financial year includes the additional depreciation expenses associated with the new Queenscliffe Hub facility and the upgraded boat ramp infrastructure asset. The slight decrease in depreciation expenses mainly reflects reduction in depreciation of Council's existing building assets resulting from the revaluation of building assets by a professional independent valuer.

#### Key operating projects and cost commitments

New initiatives and new operating cost commitments

Funded via sales proceeds from the sale of Murray Road land:

o \$350,000: Development of a Golightly Development and Engagement Plan;

Non-recurrent operating projects rates funded (total of \$127,000):

- \$30,000: Development of a Disability Action Plan;
- \$23,000: Ganes Reserve investigations and de-silting works;
- \$18,000: Installation of a digital web-based door locking system to the central amenity block of Queenscliffe Tourist Park;
- \$15,000: To conduct a needs analysis for child/family services and facilities, potential inclusion of youth taskforce;
- \$15,000: To conduct a Wadawurrung cultural and heritage review/assessment;
- \$10,000: Lighthouse Arts Collective support programming, notably in the shoulder and offpeak periods (one-off support);
- \$6,000: Conduct Wadawurrung cultural and heritage awareness training for the community and Council;
- \$5,000: Develop tourist parks online reservations capabilities; and
- \$5,000: Bull ring tree planting work.

Recurrent operating cost commitments rates funded (total of \$141,000):

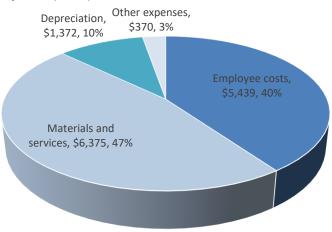

- \$126,000: New position, an executive-level administrative assistance officer, key project management and Council governance support; and
- \$15,000: Additional budget allocation to support ongoing community events (event sponsorships).

Non-recurrent operating projects grant funded (total of \$104,500):

- $\circ~$  \$60,000: Development of an Integrated Water Management (IWM) Plan (100% grant funded); and
- \$44,500: Undertake a beach marker condition assessment (70% grant funded).

#### Carried forward initiatives and new operating cost commitments

- \$104,000: Continue with the development of the Coastal and Marine Management Plan (CMMP);
- \$90,000: Continue with the review of Fisherman's Flat Heritage Overlay;
- o \$20,000: Continue with the development of the Reconciliation Action Plan;
- \$20,000: Installation of signage that includes recognition of Wadawurrung Country and uses Wadawurrung language to identify places; and
- \$20,000: Queenscliffe CBD 24-hour toilet for signage, continuous needs analysis given changing circumstances and facility availability.

#### Drivers of operating expenses (\$'000)

#### **Underlying Operating Result**

Underlying operating result is an indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its Council Plan objectives. The underlying result is calculated by adjusting the operating surplus/(deficit) for the year by deducting non-recurrent capital funding (circa operating income minus operating expenses including depreciation).

The Local Government Performance Reporting Framework (LGPRF) based projected underlying result for the 2023–24 year is a deficit of \$990,000 (-7.9%).

The LGPRF based underlying result is impacted by the timing of recurrent operating grants (especially FAG), non-recurrent operating grants and non-recurrent operating expenses included in the budget of a particular year. As a result, the underlying result is more meaningful when it is assessed excluding the impact of non-recurrent operating income and expense items and adjusted for the timing of recurrent operating grants, where applicable, as defined in the Council Plan of the Borough.

| Underlying Result   | Forecast<br>Actual | Draft<br>Budget |
|---|--------------------|-----------------|
|   | 2022–23            | 2023–24         |
|   | \$'000             | \$'000          |
| Based on the LGPRF measure  |                    |                 |
| Surplus / (deficit) for the year  | 1,999              | 427             |
| Less: Grants – capital (non-recurrent)  | (2,239)            | (1,417)         |
| Less: Contributions – monetary – capital  | 0                  | 0               |
| Adjusted underlying surplus / (deficit)   | (240)              | (990)           |
| Adjusted Underlying Result – %  | -1.9%              | -7.9%           |
| Based on the Council Plan measure   |                    |                 |
| Adjusted underlying surplus / (deficit) – LGPRF   | (240)              | (990)           |
| Adjusted for:   |                    |                 |
| Allocating FAG to the year they relate  | 499                | 96              |
| Annualised Road to Recovery grant (R2R)   | 40                 | 40              |
| Removal of non-recurrent operating grant  | (238)              | (92)            |
| Removal of non-recurrent operating project-related costs  | 569                | 808             |
| Removal of waste management cost to be recovered in future years  | 64                 | 27              |
| Removal of costs associated with parallel running of new and existing systems for planned system changeover | 0                  | 90              |
| Removal of the impact of the sale of assets   | (735)              | (35)            |
| Adjusted underlying surplus / (deficit)   | (40)               | (56)            |
| Adjusted Underlying Result – %  | -0.37%             | -0.49%          |

The projected adjusted underlying result based on the Council Plan definition (Council Plan measure) for 2023–24 is a deficit of \$56,000 (-0.49%). The impact due to the increase in employee cost has been offset to a greater extent by additional interest income from term deposits due to elevated investments in term deposits and projected above-average interest rates for the 2023–24 financial year.

An average \$167,000 underlying deficit is projected for each year for the next four years (2023–24 to 2026–27), which is an improvement from the four-year average underlying deficit of \$231,000 recorded in the 2022–23 budget of Council. Despite the increase in recurrent expenses, this improvement in the underlying deficit can be attributable to:

- 1. Ongoing operational grant support confirmed by Better Boating Victoria for maintenance and upkeep of upgrade boat ramp;
- Notional recurrent interest income included in the Financial Plan based on the budget assumption that sales proceeds from the sale of Murray Road will be used for investment opportunities that will generate at minimum the interest income the Council could have otherwise earned; and
- 3. Recovery of direct employee costs of waste management operations via waste management charges.

The above items have contributed positively, in excess of \$300,000 annually to the Council budget.

However, there may be some opportunities for Council to achieve operational efficiencies and additional ongoing income as a result of ongoing initiatives and projects (new operating model to manage tourist parks, BoQ ICT transformation, future investment in amenities in tourist parks to

enhance visitor experience, etc.). Details of cost efficiencies and additional income figures cannot be estimated until project plans and operational requirements are further developed.

Council needs to be careful when creating or acquiring new and significantly upgraded assets that will result in significant level of additional ongoing cost commitments. For instance, Council is now required to maintain and manage the upgraded Queenscliff Boat Ramp, which is in effect a regional asset.

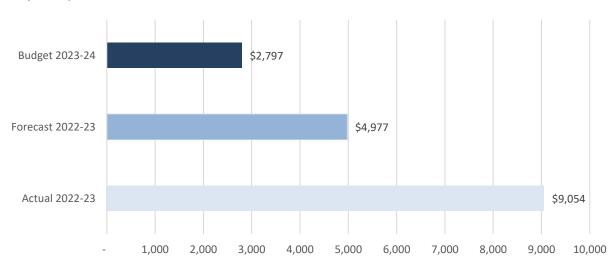

The long-term financial outlook for Council will depend on careful and prudent planning, in particular when considering the need and ongoing management of new assets. The impacts of rate capping, limited opportunities for rate income growth, community expectations about service levels and the ongoing management of existing assets will continue to provide financial challenges for the Borough in the coming years.

#### **Capital Expenditure**

Council is committed to the continued investment in its property, plant and equipment, and infrastructure assets, both in terms of maintaining, renewing and upgrading its existing assets as well as creating new assets that will assist in the achievement of service delivery to the community.

Council will deliver \$2.8 million of capital works in 2023–24, including capital projects carried forward from 2022–23 totalling to \$293,000. This capital works budget also includes Council's commitment of \$829,000 to asset renewal funding based on asset management plans of Council.

In the 2023–24 budget, Council has allocated \$1.2 million of the total operating income for capital works, and a further \$0.2 million has been transferred from carry forward reserves. Council will use \$1.4 million in capital grants for the budgeted capital work.

Capital Expenditure

#### **Carry forward capital projects**

- \$147,000: ICT transformation project (3 to 4 year project, total project cost of \$718,000, 49% grant funded);
- \$150,000: Safety improvement work at Narrows Beach (73% grant funded);
- \$130,000: Toch H toilet renewal;
- \$16,000: New bike track concept design.

#### New capital projects

- \$1,000,000: Point Lonsdale Maritime & Defence Precinct development (100% grant funded);
- \$180,000: Upgrade of Town Hall heating and cooling;
- \$160,000: Queenscliffe Rec Reserve lighting upgrade (100% grant funded);
- \$60,000: Murray Road Shared Path concept design; and
- \$10,000: Installation of bike racks throughout the Borough (multi-year project)

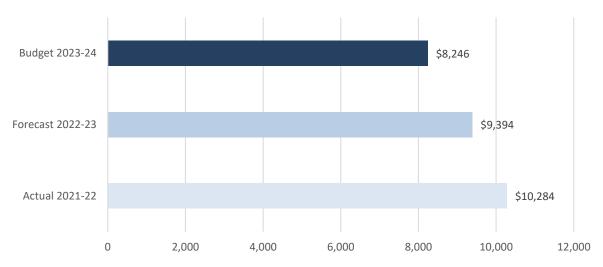

#### Borrowings

Council does not have any outstanding loans and no new loans are included in the 2023–24 budget.

Council continues to focus on efficient and financially responsible service delivery to achieve outcomes that are valued by our community. Council will continue to explore new approaches to provide services in a tighter fiscal environment.

#### **Cash and Investments**

Cash and investments are expected to decrease by \$1.2 million during the year to \$8.2 million as Council delivers on project allocations. \$3.5 million of cash and investments represents proceeds from the sale of Murray Road land, set aside in a reserve account until a potential project/s is identified in the future in line with Council Policy CP044: Sale, Exchange or Transfer of Council Land.

#### Cash and Investments (\$'000)

#### **Reserve Balances**

Council's other reserves on the balance sheet are budgeted to decreased by \$770,000 (10%) compared with the 2022–23 financial year, predominantly because projects carried forward from 2022–23 are predicted to be completed during the 2023–24 financial year. Details of the reserve movements are provided in note 4.3. to the financial statements.

| Total  | \$12.8           | 100%      |

\*includes depreciation expenses.

# Financial policy statement (Financial sustainability indicators)

The Council Plan has specified the following measures to demonstrate Council's financial sustainability to fund the aspirations of the Community Vision and the Council Plan.

| Policy statement   | Measure  | BoQ target           | Comment   |
|--|--|----------------------|---|
| Consistent operating<br>results  | <b>Our adjusted underlying</b><br><b>result:</b> The difference<br>between recurrent income<br>and recurrent expenses  | Greater<br>than \$0  | Adjusted for the timing<br>of recurring operating<br>grants, one-off<br>operating projects<br>(including operating<br>grants if applicable),<br>assets write-offs and<br>any other non-<br>recurrent transactions |
| Ensure Council maintains<br>sufficient working capital<br>to meet its obligations as<br>they fall due  | <b>Current assets vs current</b><br><b>liabilities</b> : The value of our<br>current assets divided by our<br>current liabilities  | Greater<br>than 1    | Excludes non-current<br>assets classified as held<br>for sale   |
| Council maintains sufficient<br>unrestricted cash to ensure<br>ongoing liquidity as well as<br>to address unforeseen cash<br>imposts if required         | Level of unrestricted cash<br>reserve against current<br>liabilities: Our current<br>liabilities as a percentage of<br>our unrestricted cash reserves<br>(based on the remaining<br>maturity of term deposits)       | Greater<br>than 100% | Cash and cash<br>equivalents include all<br>items at call and short-<br>term deposits with<br>remaining maturity of<br>less than three months   |
| That Council applies loan<br>funding to new capital and<br>maintains total borrowings<br>in line with rate income<br>and growth of the<br>municipality   | <b>Total borrowings against rate</b><br><b>revenue</b> : Our total borrowings<br>as a percentage of our rate<br>revenue  | Less than<br>15%     | Target is in line with<br>Council Policy CP040:<br>Borrowings   |
| Allocate adequate funds<br>towards renewal capital in<br>order to replace assets and<br>infrastructure as they<br>reach the end of their<br>service life | Asset renewal and upgrade<br>expenses against<br>depreciation: The financial<br>investment in asset renewal<br>and upgrade work divided by<br>the cost of depreciation<br>(based on a three-year rolling<br>average) | Greater<br>than 100% | Three-year rolling<br>average takes into<br>consideration BoQ's<br>dependency on<br>external funding for<br>major capital projects  |
| Council generates<br>sufficient revenue from<br>rates plus fees and charges<br>to ensure a consistent<br>funding for renewal capital                     | <b>Council's contribution to</b><br><b>asset renewal and upgrade</b> :<br>Council's contribution to asset<br>renewal and upgrade<br>expenses as a percentage of<br>own-source revenue                                | Greater<br>than 10%  | Based on the net<br>contribution from<br>Council for asset<br>renewal and upgrade<br>work   |

| Indicator  | Target | Forecast<br>Actual | Draft<br>Budget | Projections |         |         |
|--|--------|--------------------|-----------------|-------------|---------|---------|
|  | Та     | 2022–23            | 2023–24         | 2024–25     | 2025–26 | 2026–27 |
| Sustainable operating result   |        |                    |                 |             |         |         |
| Our adjusted underlying result                                       | > \$0  | -\$40              | -\$56           | -\$202      | -\$259  | -\$151  |
| Working capital  |        |                    |                 |             |         |         |
| Current assets vs current<br>liabilities                             | > 1.0  | 4.46               | 4.25            | 3.80        | 2.96    | 1.86    |
| Level of unrestricted cash<br>reserve against current<br>liabilities | > 100% | 425.3%             | 402.3%          | 363%        | 279%    | 168%    |
| Borrowings   |        |                    |                 |             |         |         |
| Total borrowings against rate revenue                                | < 15%  | 0%                 | 0%              | 0%          | 0%      | 0%      |
| Commitment for asset renewa  | als    |                    |                 |             |         |         |
| Asset renewal and upgrade<br>expenses against<br>depreciation        | > 100% | 324.2%             | 319.3%          | 179%        | 239%    | 234%    |
| Council's contribution to asset renewal and upgrade                  | > 10%  | 24%                | 12%             | 15%         | 24%     | 28%     |

As per the above financial sustainability indicators, the budget 2023–24 satisfies the financial sustainability indicators specified in the Council Plan, except for the adjusted underlying result as explained in the previous section of this budget. These indicators have been estimated based on the economic assumptions detailed in the subsequent sections of this budget.

# Crown land management

Except for very few assets, all buildings and infrastructure assets (including roads) used by the Council to provide various services to the community are located or built on Crown land. Based on the value of land the Council manages, 59% is Crown land and 18% is land under roads. Only 23% of land is owned freehold by the Borough.

Currently the Council manages all its tourist parks as one business unit and as a result the current operating model is not designed to separate the expenditure associated with Crown land and other land types where parks are situated. However, indicative values provided below satisfy the requirement that revenue generated from Crown land is applied in full to meet expenditure requirements for managing Crown land.

| Description   | 2022–23<br>Forecast | 2023–24<br>Budget | 2024–25<br>FP | 2025–26<br>FP | 2026–27<br>FP |  |
|---|---------------------|-------------------|---------------|---------------|---------------|--|
| Net contribution from Crown land  |                     |                   |               |               |               |  |
| Surplus projected from tourist parks located on Crown land  | 698                 | 697               | 718           | 741           | 765           |  |
| Lease income projected from Crown Land properties   | 124                 | 127               | 131           | 135           | 139           |  |
| Net contribution from Crown land  | 822                 | 824               | 850           | 876           | 905           |  |
|   |                     |                   |               |               |               |  |
| Used to fund services in Crown land   |                     |                   |               |               |               |  |
| Projected net expenditure on asset<br>management and appearance of public<br>places on Crown land * | (919)               | (853)             | (880)         | (927)         | (954)         |  |
| Projected net expenditure on coastal protection**   | (206)               | (375)             | (368)         | (378)         | (387)         |  |
| Net expenditure on Crown land   | (1,125)             | (1,227)           | (1,248)       | (1,304)       | (10341)       |  |
|   |                     |                   |               |               |               |  |
| Net deficit funded via rates and<br>operating grant   | (303)               | (404)             | (398)         | (428)         | (437)         |  |

\*2022–23 forecast includes additional vegetation management expenses.

\*\*2022–23 forecast includes savings due to temporary staff vacancies.

As detailed below, the % of income from Golightly Park, compared to the total income from all parks, has been used to apportion the projected surplus from all parks to surplus estimated from tourist parks located on Crown land.

| Description  | 2022–23<br>Forecast | 2023–24<br>Budget | 2024–25<br>FP | 2025–26<br>FP | 2026–27<br>FP |
|--|---------------------|-------------------|---------------|---------------|---------------|
| Total income from all parks  | 1,816               | 1,876             | 1,937         | 1,995         | 2,055         |
| Income from Golightly park   | 410                 | 424               | 438           | 451           | 465           |
| % of income from Golightly park                                      | 23%                 | 23%               | 23%           | 23%           | 23%           |
|  |                     |                   |               |               |               |
| Total surplus projected from all tourist parks                       | 902                 | 901               | 928           | 958           | 989           |
| Less: Surplus attributable to Golightly<br>park based on % of income | (204)               | (204)             | (210)         | (217)         | (224)         |
| Surplus projected from tourist parks located on Crown land           | 698                 | 697               | 718           | 741           | 765           |

The projected net expenditure above does not include any non-recurrent and asset renewal expenses.

# Budget influences (internal and external)

This section sets out the key budget influences arising from the internal and external environment within which Council operates.

#### **External influences**

The four years represented within the Budget are 2023–24 through to 2026–27. In preparing the 2023–24 budget, a number of external influences have been taken into consideration. These are outlined below:

**Location** – the Borough of Queenscliffe is located at the eastern tip of the Bellarine Peninsula and opposite Point Nepean at Port Phillip Heads, in Victoria, Australia. It is bordered by water on three sides: Port Phillip Bay, Swan Bay and Bass Strait. The only land border is with the City of Greater Geelong on its west. The Borough is located approximately 105km south-west of Melbourne and 35km east of Geelong.

**Inflation** – Inflation in many countries has reached the highest level in several decades. For example, Australian inflation achieved its highest level since the 1990s, with the Consumer Price Index (CPI) increasing by 7.3% over the year to the September quarter of 2022. High global inflation reflects factors such as the lagged impact of very stimulatory policies in 2021, restrictions because of the Covid-19 pandemic and the war in Ukraine. High inflation levels continue to make a significant impact on materials and services that Council procures to provide various services to the community.

**Interest Rate Rises** – the Reserve Bank of Australia (RBA) has an inflation target of 2% to 3%. In response to the high inflation, the RBA has raised its cash rate from 0.1% (April 2022) to a current level of 3.6% (April 2023). Higher interest rates have negatively impacted investment returns, with both the share and bond markets performing poorly.

However, currently, Council has an elevated cash balance due to the recent asset sale and the higher interest rates, which has helped Council earn additional interest income.

**Population growth** – the Borough of Queenscliffe has a permanent population of around 3,200. This grows up to 17,000 in peak holiday times with the influx of non-permanent residents and visitors. Many property owners only holiday or live part-time in the Borough. The 46.3% of private dwellings unoccupied during the 2021 census is indicative of the large temporary population.

**Superannuation** – Council has an ongoing obligation to fund any investment shortfalls in the Defined Benefits Scheme, which historically was used by Councils across Victoria. The last call on local government was in the 2012–13 financial year, where the Council was required to pay \$218,000 (including contributions tax) to top up its share of the Defined Benefits Scheme. The amount and timing of any liability are dependent on the investment market. The difficult investment environment in 2022 has adversely impacted the performance of superannuation funds. However, the actual financial position of the Defined Benefits Scheme will not be known until the next actuarial valuation due on 30 June 2023.

Further, the Superannuation Guarantee has been increasing by 0.5% each year since 1 July 2022 and will continue to increase until 1 July 2025 (from 9.5% to 12%).

**Financial Assistance Grants (FAGs)** – The largest source of government funding to Council is through the annual Victorian Grants Commission allocation. The overall state allocation is determined by the Federal Financial Assistance Grant. The quantum of the grant pool changes annually in line with changes in population and the Consumer Price Index. Though there has been an increase in the recent

past, Queenscliffe receives the lowest FAG funding allocation in the state due to the low and stagnated permanent population of around 3,200.

**Capital grant funding** – Capital grant opportunities arise continually. The budget has been based on confirmed grants. Any subsequent grants would be reflected in the quarterly reviews.

**Cost shifting** – This occurs where local government provides a service to the community on behalf of the state and federal governments. Over time, the funds received by local governments does not increase in line with real cost increases, such as school crossing or library services, resulting in a further reliance on rate revenue to meet service delivery expectations.

**Government decisions** – Decisions of the state and federal governments impact operations of local governments. For instance, the State Government's decision to abolish boat ramp parking fees has resulted in a total income loss to ratepayers of \$1.25 million over ten years. At the same time, Council will have to manage ongoing maintenance and asset renewal requirements of the upgraded boat ramp, which is a regional asset predominantly used by non-ratepayers. However, the Council currently receive an annual grant from the State Government towards the ongoing maintenance and operational activities of the boat ramp.

**Enterprise Bargaining Agreement (EBA)** – The current Borough of Queenscliffe Enterprise Bargaining Agreement stipulates a wage increase of 2.0% or a percentage increase of 0.5% less than the official general rate cap for the financial year – whichever is the greater.

**Rate capping** – The State Government has continued to impose a cap on rate increases. The cap for 2023–24 has been set at 3.5%. However, it is expected that the average inflation during the financial year 2023–24 will be more than the official rate cap.

**Supplementary rates** – Supplementary rates are additional rates received after the budget is adopted each year for the part of the year when a property value increases in value (e.g., due to improvements made or change in land class), or when new residents become assessable. However, any material change in valuations during the year is very unlikely given the stagnated rates base of the Borough.

**Waste disposal costs** – The Environment Protection Agency (EPA) regulation has a sustained impact on Council with regards to compliance with existing and past landfills sites. Waste disposal costs are also impacted by industry changes such as increasing EPA landfill levies and negotiation of contracts e.g., recycling sorting and acceptance.

**Coronavirus (COVID-19)** – While the Covid-19 pandemic continued in the 2022–23 financial year, its impact moderated over the year and activities in the Borough recovered to pre-pandemic level.

#### **Internal influences**

As well as external influences, there are a number of internal influences which are expected to impact the 2023–24 budget. These include:

**Service planning** – Reviewing services to ensure that they meet community needs is an ongoing process. Balancing the needs of the community within the constraints of the funds available is an ongoing challenge for Council. Council needs to have a robust process for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. Council does not have a comprehensive Service Level Plan and resources have been allocated in the budget for assumed service standards (based on past service levels, community satisfaction survey results, various strategies and plans etc.).

**Own-source revenue streams** – Council depends heavily on rates income and income from tourist parks in financing its annual budget. Council needs to explore more opportunities to optimise the revenue generating capacity of its tourist parks.

**New ongoing cost commitments** – New capital projects and some operational decisions result in new ongoing cost commitments for Council. Council needs to have a robust process in place to evaluate new capital projects and significant operational decisions to ensure the financial sustainability of Council.

**Cash** – Council holds cash reserves to fund capital works, cash reserves allocated for specific purposes, and to meet operational needs. Cash must be managed to ensure that sufficient cash is available to meet Council's obligations as and when they come due.

# Economic assumptions

| Key Elements  | 2023–24  | 2024–25   | 2025–26                     | 2026–27         |  |  |

## **Budget reports**

This section includes the following financial statements prepared in accordance with the *Local Government Act 2020* and the Local Government (Planning and Reporting) Regulations 2020.

- 1. Link to the Council Plan
- 2. Services and initiatives and service performance outcome indicators
- 3. Financial statements
- 4. Notes to the financial statements
- 5. Financial performance indicators
- 6. Other information

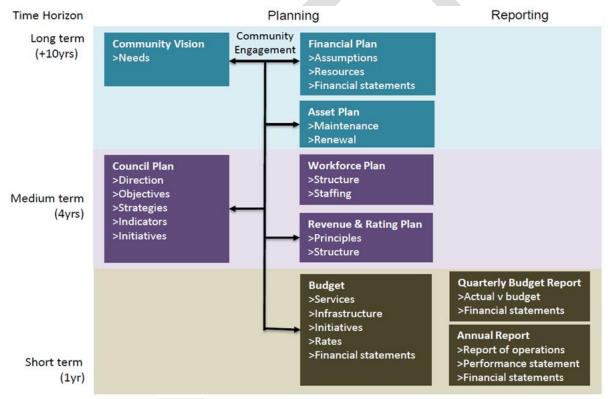

Figures in the 2023–24 budget have been rounded to the nearest thousand dollars. Figures in the budget may not equate due to rounding.

# 1. Link to the Council Plan

This section describes how the budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

#### 1.1 Legislative planning and accountability framework

The budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework, there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Mark Davies (Financial Professional Solutions)

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

#### 1.1.2 Key planning considerations

#### Service level planning

All councils have legislative responsibility for providing a range of services such as animal management, local roads, food safety and statutory planning. In addition, councils provide many other services under legal arrangements such as libraries and aged care services. For the Borough of Queenscliffe, legislative obligations and legal arrangements underpin the majority of services.

As the needs and expectations of communities can change, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

#### 1.2 Our purpose

#### Statio Tutissima Nautis

The Borough of Queenscliffe was established in 1863. Proudly independent, it is the nation's only Borough and the only council in Victoria whose boundary predates the restructure of local government in the mid-1990s. While its small size presents some of Queenscliffe's key challenges, it also remains its greatest strength and positions the Borough well as a place to pilot new ideas and innovate in many fields.

Overlooking the treacherous Rip at the entrance to Port Phillip, the iconic lighthouses at Queenscliff and Point Lonsdale reflect the essence of the Borough's Latin motto – *Statio Tutissima Nautis* – translated as 'the safest anchorage for seafarers'.

The 'safest anchorage' theme inspires Council's vision, in that just as it is a safe haven for mariners, the Borough has an enduring role to play in conserving our extraordinary natural beauty with ecological values of global significance, rich architectural heritage and military history fundamental to Australia's defence. Respectful custodianship maintains Queenscliffe as a special, restorative place for an involved and caring community and the many visitors we welcome.

#### **Our Vision**

'The Borough is a special and restorative place, renowned for its distinctive coast, rich living heritage and vibrant culture.

Our community caring and welcoming to visitors.

We have a deep respect for the Wadawurrung People and are taking action to protect Country'

#### **Our Values**

The way Councillors and Council staff work and serve the Queenscliffe community is guided by the following values:

- Integrity We take ownership and responsibility for our decisions and are accountable for all that we do.
- Respect We treat everyone with dignity, fairness and empathy, look out for the safety and wellbeing of others, and nurture positive and inclusive relationships.
- **Community Focus** We always work with our community's experience in mind and take pride in supporting our community.
- **Sustainability** We place climate change risks at the core of our decision-making, and take extensive action to protect our natural environment.
- Openness We actively engage with our community and are transparent in our decisionmaking.

#### **1.3 Strategic objectives**

To ensure the Borough remains a safe haven for locals and visitors alike, where history, culture and the natural environment meet in ways that delight and surprise, and is an involved and caring community, Council's decision-making and priorities focus around five portfolios as set out in the Council Plan for the years 2021–2025.

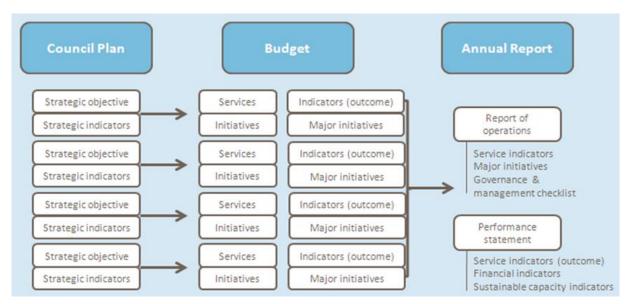

Council delivers services and initiatives under 25 major service categories. Each contributes to the achievement of strategic objectives set out under each portfolio.

This section provides a brief description of the services and initiatives funded in the Budget for the 2023–24 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan under each portfolio.

| Portfolio   | Strategic Objective   |
|---|---|
| 1. Health and wellbeing                                       | To support community wellbeing and encourage an active lifestyle.   |
| 2. Environment  | To protect our environment and address climate change issues.   |
| 3. Local economy  | To support a prosperous and diverse local economy.  |
| <ol> <li>Heritage, planning and<br/>infrastructure</li> </ol> | To protect our distinctive coastal, cultural and built environment, and provide sustainable, suitable infrastructure. |
| 5. Governance and finance                                     | To provide a financially viable Council that is accountable, transparent and practices good governance.               |

# 2. Services and initiatives and service performance outcome indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2023–24 year and details how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

Source: Department of Jobs, Precincts and Regions

# 2.1 Portfolio 1: Health and wellbeing: To support community wellbeing and encourage an active lifestyle.

To achieve our objective of enhancing community wellbeing by providing a safe environment where people are involved, healthy and active in recreation, arts and culture, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, major initiatives, initiatives and service performance indicators for each program area are described below.

| Service area          | Key service objective/s   | Income/<br>Expenses          | Actual<br>2021–22    | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–<br>24 |

#### **Major Initiatives**

- Restructuring of the aged care team to accommodate a dedicated resource for a Disability Lived Experience initiative and additional support for Community Care workers; and
- Development of a Disability Action Plan.

#### **Other Initiatives**

- Conduct a needs analysis for child/family services and facilities, potential inclusion of youth taskforce;
- Lighthouse Arts Collective support programming, notably in the shoulder and off-peak periods (one-off support); and
- Additional budget allocation to support ongoing community events (event sponsorships).

#### \*Community Events

The following community organisations/events receive ongoing funding support from the Council;

- \$17,000: Queenscliff Music Festival;
- \$15,000: Queenscliffe Literary Festival;
- \$6,000: Queenscliffe Film Festival; and
- \$4,000: Uniting Church Sacred Edge Festival.

| Health (MCH)       | Participation (Aboriginal children) | 0%                | 100%                          | 100%              | 1    |
| Food safety        | Health and safety                   | 100%              | 100%                          | 100%              | 2    |
| Animal management  | Health and safety                   | 0%                | 0%                            | 0%                | 3    |
| Libraries          | Participation                       | 27%               | 30%                           | 35%               | 4    |

Note:

- 1. The Budget 2023–24 target is 100%, as Council always seeks full utilisation of its MCH service, although it is recognised that not every child enrolled in the MCH service will necessarily attend at least once in each financial year (e.g. if they are enrolled but then later move out of the area).
- 2. Forecast 2022–23 is based on the six-month progress review, as included in the December 2022 quarterly financial report to Council.
- 3. Both the Forecast 2022–23 and the Budget 2023–24 target is zero as Council aims for animal management issues to be resolved before reaching the prosecution stage.
- 4. Council expects an increase in active library borrowers with the new state of art facilities

\* the table at the end of section 2.5 explains the calculation of Service Performance Outcome Indicators.

# 2.2 Portfolio 2: Environment: To protect our environment and address climate change issues.

To achieve our objective of playing our part in protecting the local, national and globally significant values within our natural environment for future generations, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, major initiatives, initiatives and service performance outcome indicators for each program area are described below.

| Service area   | Key service objective/s  | Income/<br>Expenses   | Actual  | Forecast<br>Actual | Draft<br>Budget |
|----------------|--|-----------------------|---------|--------------------|-----------------|
| Service area   | Key service objective/s  |                       | 2021–22 | 2022–23            | 2023–24         |

#### **Major Initiatives**

- Continuation of Reconciliation Action Plan development and implementation, 5-year project;
- Development of an Integrated Water Management (IWM) Plan (100% grant funded);
- Manage and contribute to safety improvement work by DEECA at Narrows Beach (73% grant funded); and
- Commencement of installation of bike racks throughout the Borough (multi-year project) to facilitate active transport for the community leading to improved health, social, and environmental outcomes.

#### **Other Initiatives**

- Ganes Reserve investigations and de-silting works;
- Additional staff resources for Council's waste management transition project and waste education & compliance;

- Installation of signage that includes recognition of Wadawurrung Country and uses Wadawurrung language to identify places;
- Conduct Wadawurrung cultural and heritage awareness training for the community and Council;
- Conduct a Wadawurrung cultural and heritage review/assessment; and
- Bull ring tree planting work.

#### Service Performance Outcome Indicators

| Service          | Indicator *     | Actual<br>2021–22 | Forecast<br>Actual<br>2022–23 | Budget<br>2023–24 | Note |
|------------------|-----------------|-------------------|-------------------------------|-------------------|------|
| Waste collection | Waste diversion | 56%               | 58%                           | 60%               | 1    |

Note:

1. Forecast is based on the six month progress review in the current year and the Budget is based on achieving a result better than the current year forecast result with the implementation of the kerbside transition project.

\* the table at the end of section 2.5 explains the calculation of Service Performance Outcome Indicators.

#### 2.3 Portfolio 3: Local economy: To support a prosperous and diverse local economy.

To achieve our objective of fostering a diverse and vibrant local economy, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, major initiatives, initiatives and service performance outcome indicators for each program area are described below.

| Comico oroc   | Key service objective/s   | Income/<br>Expenses   | Actual  | Forecast<br>Actual | Draft<br>Budget |

|               | Surplus/ (deficit)  |                       | 685     | 421                | 45              |

\*Draft budget 2023-24 for Tourist Parks including a non-recurrent expense of \$350,000.

#### **Major Initiatives**

• Development of a Golightly Development and Engagement Plan.

#### **Other Initiatives**

- Installation of a digital web-based door locking system to the central amenity block of Queenscliffe Tourist Park; and
- Develop tourist parks online reservations capabilities.

#### Service Performance Outcome Indicators

There are no mandatory performance indicators to be reported for the local economy Strategic Objective.

# 2.4 Portfolio 4: Heritage, planning and infrastructure: To protect our distinctive coastal, cultural and built environment, and provide sustainable, suitable infrastructure.

To achieve our objective of preserving and enhancing the Borough as a special place through excellence of design and conservation of its rich culture and unique heritage, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, major initiatives, initiatives and service performance outcome indicators for each program area are described below.

| Service area                   | Key service objective/s   | Income/<br>Expenses   | Actual<br>2021–22 | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 |
|--------------------------------|---|-----------------------|-------------------|-------------------------------|----------------------------|
|                                |   |                       | \$'000            | \$'000                        | \$'000                     |
| Design and                     | The Design and Project Management   | Inc                   | 0                 | 0                             | 0                          |

#### Major Initiatives

- Point Lonsdale Maritime & Defence Precinct development (100% grant funded);
- Town Hall heating and cooling upgrade;
- Queenscliffe Recreation Reserve lighting upgrade (100% grant funded);
- Complete Toch H toilet renewal work;
- Continue with the development of the Coastal and Marine Management Plan;
- Continue with the review of Fisherman's Flat Heritage Overlay;
- Commence Murray Rd shared path, design work; and
- Commence new bike track concept design work and community engagement.

#### **Other Initiatives**

- Queenscliffe CBD 24-hour toilet for signage, continuous needs analysis given changing circumstances and facility availability; and
- Conduct a beach marker condition assessment (70% grant funded).

#### Service Performance Outcome Indicators

| Service            | Indicator *      | Actual<br>2021–22 | Forecast<br>Actual<br>2022–23 | Budget<br>2023–24 | Note |
|--------------------|------------------|-------------------|-------------------------------|-------------------|------|
| Roads              | Condition        | 100%              | 100%                          | 100%              | 1    |
| Statutory planning | Service standard | 74.66%            | 75.00%                        | 75.00%            | 2    |

Note

- 1. Length of roads under Council's management is 43km.
- 2. Target is above the State-wide average of 67% and small rural Council average of 69%.
- \* the table at the end of section 2.5 explains the calculation of Service Performance Outcome Indicators.

# **2.5** Portfolio 5: Governance and finance: To provide a financially viable Council that is accountable, transparent and practices good governance.

To achieve our objective of maintaining a cohesive, well governed, financially sustainable and independent Borough, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, major initiatives, initiatives and service performance outcome indicators for each program area are described below.

|                |  | Income/<br>Expenses | Actual  | Forecast<br>Actual | Draft<br>Budget |

## 3. Financial statements

This section presents information regarding the Financial Statements and Statement of Human Resources. The budget information for the year 2023–24 has been supplemented with projections to 2026–27.

This section includes the following financial statements prepared in accordance with the *Local Government Act 2020* and the Local Government (Planning and Reporting) Regulations 2020.

- 3.1 Comprehensive Income Statement
- 3.2 Balance Sheet
- 3.3 Statement of Changes in Equity
- 3.4 Statement of Cash Flows
- 3.5 Statement of Capital Works
- 3.6 Statement of Human Resources

Figures in the 2023–24 budget have been rounded to the nearest thousand dollars. Figures in the budget may not equate due to rounding.

## 3.1 Comprehensive Income Statement

# 4. Notes to the financial statements

This section presents detailed information on material components of the financial statements.

The Borough of Queenscliffe has adopted a materiality threshold of 10% or a dollar amount of \$100,000. Notes have not been provided for budgets below the materiality threshold, unless the amount is considered to be material because of its nature.

This section includes notes to the financial statements for each of the following items:

- 4.1 Comprehensive Income Statement
  - 4.1.1 Rates and charges
  - 4.1.2 Statutory fees and fines
  - 4.1.3 User fees
  - 4.1.4 Grants
  - 4.1.5 Contributions
  - 4.1.6 Other income
  - 4.1.7 Employee costs
  - 4.1.8 Materials and services
  - 4.1.9 Bad and doubtful debts
  - 4.1.10 Depreciation
  - 4.1.11 Borrowing costs
  - 4.1.12 Other expenses
  - 4.1.13 Net asset revaluation increment
- 4.2 Balance Sheet
  - 4.2.1 Assets
  - 4.2.2 Liabilities
  - 4.2.3 Interest-bearing liabilities
- 4.3 Statement of Changes in Equity
  - 4.3.1 Reserves
  - 4.3.2 Equity
- 4.4 Statement of Cash Flows
  - 4.4.1 Net cash provided by operating activities
  - 4.4.2 Net cash used in investing activities
  - 4.4.3 Net cash provided by/ (used in) financing activities
- 4.5 Capital works program
  - 4.5.1 Summary
  - 4.5.2 Current Budget
  - 4.5.3 Works carried forward from the 2022–23 year

# 4.1 Comprehensive Income Statement

#### 4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the *Local Government Act 2020* (the Act), Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2023–24 the FGRS cap has been set at 3.5%. The cap applies to both general rates and municipal charges and is calculated on the basis of Council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and to invest in required capital work programs in the current high inflation environment, the average general rate will increase by 3.5% in line with the rate cap.

The Valuer-General reviews the value of every property in the municipality annually, and these property values are used to calculate individual property rates. This annual revaluation does not result in a net gain or loss of revenue to Council. Ratepayers may see rate increases that differ from the average 3.5% increase because of changes to their property values relative to that of other ratepayers' properties (average change in property values).

The Act allows councils to calculate a separate charge for the collection and disposal of waste management services. This enables recovery of all waste management costs, which the state government acknowledges to be a user pay service with typical cost increases significantly higher than CPI.

Council has not been considering in the past direct employee costs incurred in providing waste management services in calculating the waste management charges. However, Council will include direct employee costs in determining waste management charges from the financial year 2023/24 onwards. The Council will phase out the recovery of all direct employee costs over four to five years to minimise the impact on users.

# 4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

| Descriptions   | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chan    | ge      |
|--|-------------------------------|----------------------------|---------|---------|
|  | \$                            | \$                         | \$      | %       |
| General rates *  | 6,920,907                     | 7,183,146                  | 262,240 | 3.8%    |
| Municipal charge *   | 0                             | 0                          | 0       | 0.0%    |
| Waste management charges                                   | 1,198,854                     | 1,288,658                  | 89,805  | 7.5%    |
| Supplementary rates and rate adjustments                   | 10,175                        | 10,455                     | 280     | 2.8%    |
| Cultural and recreational rates                            | 3,353                         | 3,299                      | (54)    | (1.6%)  |
| Interest on rates and charges                              | 7,500                         | 7,500                      | 0       | 0.0%    |
| <i>Less:</i> rebate (properties of environmental interest) | (4,490)                       | (3,817)                    | 673     | (15.0%) |
| Total rates and charges                                    | 8,136,298                     | 8,489,242                  | 352,944 | 4.3%    |

\* These items are subject to the rate cap established under the FGRS.

4.1.1(b) The rate in the dollar to be levied as general rates under Section 158 of the Act for each type or class of land compared with the previous financial year

| Type or class of land   | 2022–23     | 2023–24     | Change |
|---|-------------|-------------|--------|
| Type of class of failu  | cents/\$CIV | cents/\$CIV | Change |
| General rate for rateable residential properties                  | 0.149153    | 0.146792    | (1.6%) |
| General rate for rateable residential vacant land properties      | 0.186442    | 0.183491    | (1.6%) |
| General rate for rateable commercial properties                   | 0.193899    | 0.190830    | (1.6%) |
| General rate for rateable tourist accommodation properties        | 0.164069    | 0.161472    | (1.6%) |
| Rate concession for rateable cultural and recreational properties | 0.037294    | 0.036698    | (1.6%) |

# 4.1.1(c) The estimated total amount to be raised by general rates in relation to each type or class of land, and the estimated total amount to be raised by general rates, compared with the previous financial year

| Type or class of land                      | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Change  |      |
|--|-------------------------------|----------------------------|---------|------|
|  | \$                            | \$                         | \$      | %    |
| Residential                                | 5,778,136                     | 5,947,683                  | 169,547 | 2.9% |
| Residential vacant land                    | 141,537                       | 152,297                    | 10,760  | 7.6% |
| Commercial                                 | 258,716                       | 272,263                    | 13,547  | 5.2% |
| Tourist accommodation                      | 742,518                       | 810,903                    | 68,385  | 9.2% |
| Total amount to be raised by general rates | 6,920,907                     | 7,183,146                  | 262,239 | 3.8% |

| Description       | 2022–23   | 2023–24   | Chang   | ge    |
|-------------------|-----------|-----------|---------|-------|
|                   | \$        | \$        | \$      | %     |
| Annualised rates* | 6,940,253 | 7,183,146 | 242,893 | 3.50% |

\*Capped rates increase is based on the annualised rates income. The forecast for 2022–23 has been adjusted annualising the impact of supplementary rates during the 2022–23 financial year.

**4.1.1(d)** The number of assessments in relation to each type of class of land, and the total number of assessments, compared with the previous financial year

| Type or class of land       | 2022–23 | 2023–24 | Chang  | ge     |
|-----------------------------|---------|---------|--------|--------|
|                             | Number  | Number  | Number | %      |
| Residential                 | 2,565   | 2,551   | (14)   | (0.5%) |
| Residential vacant land     | 60      | 61      | 1      | 1.7%   |
| Commercial                  | 153     | 155     | 2      | 1.3%   |
| Tourist accommodation       | 331     | 342     | 11     | 3.3%   |
| Cultural and recreational   | 5       | 5       | 0      | 0.0%   |
| Total number of assessments | 3,114   | 3,114   | 0      | 0.0%   |

4.1.1(e) The basis of valuation to be used is the Capital Improved Value (CIV).

4.1.1(f) The estimated total value of each type or class of land, and the estimated total value of land, compared with the previous financial year

| Type or class of land     | 2022–23       | 2023–24       | Change      | 9    |
|---------------------------|---------------|---------------|-------------|------|
| Type of class of land     | \$            | \$            | \$          | %    |
| Residential               | 3,858,785,000 | 4,051,765,000 | 192,980,000 | 5.0% |
| Residential vacant land   | 77,665,000    | 83,000,000    | 5,335,000   | 6.9% |
| Commercial                | 137,188,000   | 142,673,000   | 5,485,000   | 4.0% |
| Tourist accommodation     | 471,715,000   | 502,195,000   | 30,480,000  | 6.5% |
| Cultural and recreational | 8,990,000     | 8,990,000     | 0           | 0.0% |
| Total value of land       | 4,554,343,000 | 4,788,623,000 | 234,280,000 | 5.1% |

4.1.1(g) \$Nil municipal charge is to be levied under Section 159 of the Act (2022–23 \$nil).

4.1.1(h) The rate or unit amount to be levied for each type of service rate or charge under Section 162 of the Act compared with the previous financial year

| Type of Charge                            | Per<br>Rateable<br>Property<br>2022–23 | Per<br>Rateable<br>Property<br>2023–24 | Change |      |
|---|--|--|--------|------|
|   | \$                                     | \$                                     | \$     | %    |
| Standard kerbside waste                   | 296.00                                 | 316.52                                 | 20.52  | 6.9% |
| An additional kerbside bin (per any bin ) | 125.00                                 | 130.00                                 | 5.00   | 4.0% |
| Public waste                              | 104.00                                 | 112.72                                 | 8.72   | 8.4% |

4.1.1(i) The estimated total amount to be raised by each type of service rate or charge, and the estimated total amount to be raised by service rates and charges, compared with the previous financial year

| Type of Charge                 | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | e    |

| Total rates and charges                                    | 8,136,298                     | 8,489,242                  | 352,944         | 4.3%    |

#### 4.1.1(k) Fair Go Rates System Compliance

The Borough of Queenscliffe is required to comply with the State Government's Fair Go Rates System (FGRS). The table below details the budget assumptions, consistent with the requirements of the Fair Go Rates System.

| Descriptions   | Final<br>Budget<br>2022–23 | Draft Budget<br>2023–24 |
|--|----------------------------|-------------------------|
| Total Rates (annualised)                             | \$6,801,875                | \$6,940,253             |
| Number of rateable properties                        | 3,109                      | 3,109                   |
| Base Average Rate                                    | \$2,187.80                 | \$2,232.31              |
| Maximum Rate Increase (set by the State Government)  | 1.75%                      | 3.50%                   |
| Capped Average Rate                                  | \$2,226.09                 | \$2,310.44              |
| Maximum General Rates and Municipal Charges Revenue  | \$6,920,907                | \$7,183,162             |
| Budgeted General Rates and Municipal Charges Revenue | \$6,920,907                | \$7,183,146             |
| Budgeted Supplementary Rates                         | \$10,175                   | \$10,455                |
| Budgeted Total Rates and Municipal Charges Revenue   | \$6,931,082                | \$7,193,602             |

# 4.1.1(I) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2023–24: estimated \$10,455);
- The variation of returned levels of value (e.g. valuation appeals);
- Changes in use of land such that rateable land becomes non-rateable land and vice versa;
- Changes in use of land such that residential land becomes commercial land and vice versa; and/or
- Changes in use of land such that residential land becomes tourist accommodation land and vice versa.

#### 4.1.1(m) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 100% (0.00146792 cents in the dollar of CIV) for all rateable residential properties.
- A general rate of 125% (0.00183491 cents in the dollar of CIV) for all rateable residential vacant land properties.
- A general rate of 130% (0.00190830 cents in the dollar of CIV) for all rateable commercial properties including properties with six or more bedrooms which are rented out as holiday accommodation.
- A general rate of 110% (0.00161472 cents in the dollar of CIV) for all rateable tourist accommodation properties, that is properties having five or less bedrooms which are rented out as holiday accommodation.
- A general (concessional) rate of 25% (0.00036698 cents in the dollar of CIV) for all rateable cultural and recreational properties.

Each differential rate will be determined by multiplying the Capital Improved Value of rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council believes each differential rate will contribute to the equitable and efficient carrying out of council functions.

Details of the objectives of each differential rate and the types of classes of land that are subject to each differential rate are set out below.

#### General or residential rate

The objective of this rate is to ensure that Council has adequate funding to undertake its strategic, statutory, service provision and community services obligations and to ensure that the differential rate in the dollar declared for defined general rate land properties is fair and equitable, having regard to the cost and the level of benefits derived from provision of Council services.

Rateable land having the relevant characteristics described below:

• used primarily for residential purposes; and

- any land that is not defined as commercial land, residential vacant land or tourist accommodation land; or
- any land which is zoned Residential under the Borough of Queenscliffe Planning Scheme on which a legally habitable building is erected but unoccupied.

#### Residential vacant land rate

The objective of this differential rate includes promoting housing development on vacant land, while continuing to ensure all rateable land makes an equitable financial contribution to ensure that Council has adequate funding to undertake its strategic, statutory, service provision and community services obligations.

Residential vacant land is any land which is:

- unoccupied but zoned Residential under the Borough of Queenscliffe Planning Scheme; and
- not commercial land or tourist accommodation land; and
- vacant or with any uninhabitable shed or shelter (not a legally habitable building or structure, i.e. where no certificate of occupancy has been issued).

#### Commercial rate

The objective of this rate is to ensure that Council has adequate funding to undertake its strategic, statutory, service provision and community services obligations and to ensure that the differential rate in the dollar declared for defined commercial rate land properties is fair and equitable, having regard to the cost and the level of benefits derived from provision of Council services.

Commercial land is any land, which is:

- used primarily for carrying out the manufacture or production of, or trade in, goods or services (including accommodation for tourists); or
- unoccupied building erected on land which is zoned Commercial (Business) under the Borough of Queenscliffe Planning Scheme; or
- unoccupied land which is zoned Commercial (Business) under the Borough of Queenscliffe Planning Scheme; and
- not tourist accommodation land.

#### Tourist accommodation rate

The objective of this rate is to ensure that Council has adequate funding to undertake its strategic, statutory, service provision and community services obligations and to ensure that the differential rate in the dollar declared for defined tourist accommodation land properties is fair and equitable, having regard to the cost and the level of benefits derived from provision of Council services.

Tourist accommodation land is any land, which:

- contains a dwelling, unit, cabin or house or part of a house; and
- with five or less bedrooms; and
- used, whether primarily or otherwise, to provide holiday accommodation for the purpose of generating income from the provision of such holiday accommodation; and
- where 'any part' of the property is used for tourist accommodation; and
- for 'any period of time' during the financial year (no matter how seldom); and
- currently being used, or advertised as being available for use, as tourist accommodation.

Details of the objectives of each differential rate, the types of classes of land which are subject to each differential rate and the uses of each differential rate are set out in Council's **revenue and rating plan**.

#### 4.1.1(n) Waste management charges

An important component of Council's 2023–24 budget process is Council's continuing commitment to three key principles stated in its revenue and rating plan, in relation to funding waste management services.

1. Full cost recovery of all waste management services.

2. Clear identification of the waste management cost streams and specifying these on the rate notice where applicable.

3. Disclosure of all costs associated with each of the waste management streams. In its revenue and rating plan, Council has determined the most equitable method of full waste cost recovery as follows:

- Standard kerbside waste (which now includes FOGO waste), applicable to residential and tourist accommodation properties only, is charged at a fixed amount; and
- Public waste, applicable to all rateable properties, is charged at a fixed amount.

The *Local Government Act 1989* permits Council to raise separate service charges for the recovery of waste management services, rather than include this in general rates. Separating out waste management charges from general rates to achieve full cost recovery remains the most financially responsible option available to Council to cover the rising cost of providing waste services to our community given the State Government's rate capping legislation.

#### Waste management costs (net of government grants)

The following is a list of all waste management cost streams and waste management charges included in the 2023–24 budget, summarised by waste charge type.

| Description  | Forecast<br>Actual | Draft<br>Budget | Increase/(decrease) |          |
|--|--------------------|-----------------|---------------------|----------|
|  | 2022–23            | 2023–24         |                     | 24       |
|  | \$                 | Ş               | \$                  | %        |
| Kerbside waste collection (landfill, recycling and |                    |                 |                     |          |
| hard waste)  | 195,000            | 200,000         | 5,000               | 2.6%     |
| Kerbside FOGO collection                           | 105,000            | 164,000         | 59,000              | 56.2%    |
| Kerbside FOGO processing                           | 165,000            | 174,000         | 9,000               | 5.5%     |
| Landfill disposal including landfill levy          | 145,000            | 152,000         | 7,000               | 4.8%     |
| Additional pensioner concession offered by BOQ     | 44,222             | 45,000          | 778                 | 1.8%     |
| Recycling disposal (income)/expenditure            | 90,000             | 96,000          | 6,000               | 6.7%     |
| Roadside e-waste collection                        | 7,000              | 7,193           | 193                 | 2.8%     |
| Waste collection bin renewal                       | 20,000             | 20,000          | 0                   | 0.0%     |
| Review of hard waste service                       | 2,000              | 0               | (2,000)             | (100.0%) |
| Waste & litter education                           | 1,018              | 7,000           | 5,983               | 588.0%   |
| Direct employee costs                              |                    | 82,756          | 82,756              | 100.0%   |
| Total standard kerbside waste costs – operational  | 774,240            | 947,948         | 173,709             | 22.4%    |
| Kerbside transition project                        | 157,000            | 0               | (157,000)           | (100.0%) |
| Kerbside transition                                | (13,400)           | 0               | 13,400              | (100.0%) |
| Sub-total: Standard kerbside waste costs           | 917,840            | 947,948         | 30,109              | 3.3%     |
| Public waste – pickup & disposal of waste          | 186,000            | 170,000         | (16,000)            | (8.6%)   |

| Description   | Forecast<br>Actual | Draft<br>Budget | Increase/( | decrease) |
|---|--------------------|-----------------|------------|-----------|
|   | 2022–23<br>\$      | 2023–24<br>\$   | \$         | %         |
| Fixed price contract – street cleaning and sweeping | 128,200            | 136,500         | 8,300      | 6.5%      |
| Fixed price contract – beach cleaning               | 41,000             | 43,600          | 2,600      | 6.3%      |
| Illegal waste dumping                               | 2,035              | 2,091           | 56         | 2.7%      |
| Direct employee costs                               |                    | 27,585          | 27,585     | 100.0%    |
| Beach cleaning subsidy                              | (12,210)           | (12,210)        | 0          | 0.0%      |
| Sub-total: Public waste costs                       | 345,025            | 367,566         | 22,541     | 6.5%      |
| Total: Waste management costs                       | 1,262,865          | 1,315,515       | 52,650     | 4.2%      |

Total waste management costs in 2023–24 (net of government grants) is budgeted to increase by \$52,650 (4.2%) compared with the 2022–23 financial year. However, when excluded net cost of kerbside transition project, the total operational cost of waste management services is budgeted to increase by \$196,250 (17.5%) This increase mainly comprises:

- \$110,000 direct employee costs (\$83,000 kerbside and \$27,000 public waste) of waste management operations. In the past, the Council has excluded the cost of officers directly involved in managing the waste management operations in calculating the cost of its waste management operations; and
- \$59,000 increase in kerbside FOGO collection expenses. The Council tendered this contract out in the 2022–23 financial year and has seen an increase in expenses based on the tender prices. However, if Council had not implemented the FOGO service, there would have been in minimum another additional increase of \$60,000 in landfill disposal (including landfill levy) expenses.

| Description                    | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Change |       |
|--------------------------------|-------------------------------|----------------------------|--------|-------|
|                                | \$                            | \$                         | \$     | %     |
| Standard kerbside waste        | 854,420                       | 912,183                    | 57,764 | 6.8%  |
| Additional kerbside bins       | 20,949                        | 25,253                     | 4,304  | 20.5% |
| Public waste                   | 323,484                       | 351,222                    | 27,737 | 8.6%  |
| Total waste management charges | 1,198,854                     | 1,288,658                  | 89,805 | 7.5%  |

#### Waste management charges

Before calculating waste charges to be applied in the 2023–24 financial year, Council is budgeting to utilise surplus funds forecast to be held in public waste reserve amounting to \$16,000. Further, Council is budgeting to recover a forecasted deficit of \$52,000 for the financial year 2022–23 in the standard kerbside waste reserve account. This deficit mainly reflects the cost associated with the rolling out of the kerbside transition project, not included in the 2022–23 waste charges.

To comply with the full cost recovery strategy for waste services, total income from waste management charges should have increased by \$152,000 (13%) in 2023–24. However, Council has decided to phase the full recovery of direct employee costs associated with the standard kerbside waste services over a couple of years. This amount will temporarily be financed through the unallocated cash reserve (general reserve) of the Borough. As a result, the net increase in waste management charges for 2023–24 is expected to be \$90,000 (7.5%).

| Type of Property        | Actual<br>2020–21 | Draft<br>Budget<br>2023–24 | Chang | ;e   |
|-------------------------|-------------------|----------------------------|-------|------|
|                         | \$                | \$                         | \$    | %    |
| Residential             | 400.00            | 429.24                     | 29.24 | 7.3% |

|  |                    |                 |            |           |
| Total: Waste management reserve funds              | (35,210)           | (62,066)        | (26,856)   | 76.3%     |
|  |                    |                 |            |           |
| Net waste reserve transfers for the financial year | (64,011)           | (26,856)        | (37,155)   | 58.0%     |

An annual reconciliation is completed at each financial year-end to determine the surplus/ (deficit) between waste management charges collected from ratepayers and the actual waste costs incurred by Council for the year. Reserve funds are held on the Balance Sheet to record any net surplus achieved, so Council can then determine that amount which will be allocated towards meeting the cost of waste services in the next financial year, while retaining part of the surplus as a contingency to address emerging risks with respect to waste management services in future years.

In preparing the waste management budget, a set of assumptions has been made about the estimated costs of the waste management services in 2023–24. Given the widely fluctuating nature of waste services, these annual budget assumptions will be monitored, with any variance to be reported to Council via quarterly financial reports during the 2023–24 year as necessary.

#### 4.1.2 Statutory fees and fines

| Description                    | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | ;e   |  |
|--------------------------------|-------------------------------|----------------------------|--------|------|--|
|                                | \$'000                        | \$'000                     | \$'000 | %    |  |
| Town planning fees             | 92                            | 94                         | 3      | 2.7% |  |
| Building, pool and spa fees    | 24                            | 25                         | 1      | 2.8% |  |
| Permits                        | 10                            | 10                         | 0      | 2.7% |  |
| Land information certificates  | 4                             | 4                          | 0      | 2.7% |  |
| Infringements and costs        | 4                             | 4                          | 0      | 2.8% |  |
| Total statutory fees and fines | 134                           | 138                        | 4      | 2.8% |  |

Statutory fees and fines relate mainly to fees and fines levied in accordance with legislation. Infringements income is predominantly from parking fines, with minor fines issued for animals and local laws infringements. A detailed listing of statutory fees is included in Appendix A.

#### 4.1.3 User fees

| Description                              | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | nge     |
|--|-------------------------------|----------------------------|--------|---------|
|  | \$'000                        | \$'000                     | \$'000 | %       |
| Tourist park fees                        | 1,816                         | 1,876                      | 60     | 3.3%    |
| Aged services                            | 179                           | 184                        | 5      | 2.7%    |
| Registration and other permits           | 59                            | 61                         | 2      | 2.7%    |
| Tourism                                  | 9                             | 9                          | 0      | 2.7%    |
| Other fees and charges (< \$10,000 each) | 16                            | 13                         | (4)    | (21.6%) |
| Total user fees                          | 2,079                         | 2,143                      | 63     | 3.1%    |

User charges relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services, consistent with principles in Council Policy CP047: User Fees and Charges. In setting the budget, the key principle for determining the level of user charges is that increases reflect CPI or market levels.

The fees from Council's tourist parks contribute the largest portion of the user fees budget, with a total budget of \$1,876,000 for the 2023–24 financial year. The increase in income from tourist parks is mainly due to the proposed increase in tariff by 3.5%.

Council is considering changes to the current operating model of its tourist parks and the budget has been finalised under the assumption that the new operating model will not further constrain the income-generating capacity of its tourist parks.

A detailed listing of user fees is included in Appendix A.

#### 4.1.4 Grants

Operating and capital government grants include all monies received from Victorian and Commonwealth Government sources for the purposes of funding the delivery of Council's services and projects.

| Description  | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | ange   |

| Total capital grants                    | 2,239                         | 1,417                      | (822)  | (37%)  |
| Total grants                            | 3,234                         | 2,647                      | (587)  | -18%   |

Operating grants include all monies received from state and federal government and community sources for the purposes of funding the delivery of Council's services to ratepayers.

The increase in operating grants is due to the receipt of 97% of 2022–23 Financial Assistance Grants (FAGs) and a part of the 2023–24 FAG in advance in 2021–22. Based on the annual allocation, no increase in FAGs is projected for 2023–24.

\*estimated

Non-recurrent operating grants of \$92,000 are estimated to be received in 2023–24 to support the integrated water management plan development and work associated with beach marker condition assessment. Any additional non-recurrent operating grant funding opportunities that Council may be successful in securing will be updated in the quarterly forecast reviews to be reported to Council during the 2023–24 financial year.

Capital grants include all monies received from state and federal government for the purposes of funding the capital works program.

Capital grants for 2023–24 represent the grant income already confirmed for the following projects:

- \$1,000,000 Point Lonsdale Maritime and Defence Precinct development;
- $\circ$  \$160,000 Queenscliffe Rec Reserve, lighting upgrade; and
- \$147,000 ICT transformation project.

Further, \$110,000 grant support is estimated from the Department of Energy, Environment and Climate Action (DEECA) for safety improvement work at Narrows Beach. Any additional non-recurrent

capital grant funding opportunities that Council may be successful in securing will be updated in the quarterly forecast reviews and will be reported to Council during the 2023–24 financial year.

#### 4.1.5 Contributions

Contributions relate to monies paid by non-government third parties for the purpose of funding the delivery of Council's services to ratepayers (operating) and/or provision of buildings and facilities (capital). Contributions can also be non-monetary, with an in-kind donation of physical assets to Council. All contributions are typically non-recurrent and the amount will vary from year to year, thus a comparison by financial year is meaningless.

No monetary or non-monetary contribution is recognised in the 2023–24 budget.

#### 4.1.6 Other income

| Description                                 | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | inge   |  |
|---|-------------------------------|----------------------------|--------|--------|--|
|   | \$'000                        | \$'000                     | \$'000 | %      |  |
| Other rent – lease of Crown Land properties | 110                           | 113                        | 3      | 3%     |  |
| Contribution from volunteers                | 72                            | 74                         | 2      | 3%     |  |
| Other rent – lease of Council properties    | 49                            | 51                         | 1      | 3%     |  |
| Interest – investment of available funds    | 110                           | 298                        | 188    | 170%   |  |
| Reimbursements                              | 1                             | 0                          | (1)    | (100%) |  |
| Total other income                          | 342                           | 534                        | 192    | 56%    |  |

Due to sales proceeds from Murray Road land, the average investment in term deposits is expected to be around \$8.5 million during the year 2023–24. Under the assumption that the average interest rate is around 3.5% for the 2023–24 financial year, a \$188,000 increase in interest income is projected in the budget.

The value of the contribution provided by volunteers which may otherwise has been paid by Council is estimated be \$74,000 for 2023–24.

#### 4.1.7 Employee costs

Employee costs include all staff related expenditure, including wages, salaries and on-costs such as allowances, leave entitlements (annual leave and long service leave), employer superannuation, rostered days off and time-in-lieu owed to employees, Workcover premium and fringe benefits tax.

| Description        | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | nge  |
|--------------------|-------------------------------|----------------------------|--------|------|
|                    | \$'000                        | \$'000                     | \$'000 | %    |
| Wages and salaries | 4,323                         | 4,706                      | 383    | 9%   |
| Superannuation     | 420                           | 499                        | 78     | 19%  |
| Overtime           | 71                            | 70                         | (1)    | (2%) |
| Workcover premium  | 67                            | 80                         | 13     | 20%  |
| FBT Expense        | 39                            | 39                         | 0      | 0%   |
| Other              | 46                            | 46                         | 0      | 0%   |
| Total other income | 4,966                         | 5,439                      | 473    | 10%  |

Employee costs are to be increased by \$473,000 (10%) in the 2023–24 financial year. However, employee costs for 2022–23 are understated approximately by \$24,000 due to staff vacancies even after additional staff costs (one-off staff cost) associated with extra staff (temporary) and redundancy payments. Excluding the impact of the staff vacancies and one-off staff costs, the projected increase in employee cost for the 2023–24 financial year is \$449,000 (9.0%) due to the following key reasons:

- \$175,000: Impact of the 3.0% increase in wages in line with the Council's EBA;
- \$126,000: New position, an executive-level administrative assistance officer, key project management and Council governance support;
- \$43,000: Increase in employee costs due to band progressions of staff during the financial year;
- \$43,000: Incremental employee cost (ongoing cost only) associated with the restructuring of the aged care team to accommodate a dedicated resource for a Disability Lived Experience initiative and additional support for Community Care workers;
- \$25,000: Impact of super guarantee increase by 0.5%;
- \$20,000: Incremental cost of converting the Community Stakeholders Relations Officer role to a full-time role to strength business and community organisation engagement activities; and
- \$20,000: Incremental cost of converting the Waste Management Officer role to a full-time role to provide dedicated resources for Council's waste management transition project and waste education & compliance.

A summary of human resources expenditure, categorised according to the organisational structure of Council, is provided for both costs (\$) and staff numbers (FTE) in the Statement of Human Resources at Section 3.6 of this report.

#### 4.1.8 Materials and services

Materials and services includes payments to contractors for provision of services, waste management, asset maintenance, the purchases of consumables, utility costs and expensed capital works (expensed capital works are works associated with Council assets and major projects that do not meet the definition of asset expenditure under Australian Accounting Standards).

| Description  | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | nge   |
|--|-------------------------------|----------------------------|--------|-------|
|  | \$'000                        | \$'000                     | \$'000 | %     |
| Waste management   | 1,288                         | 1,217                      | (71)   | (6%)  |
| General service delivery   | 614                           | 587                        | (28)   | (5%)  |
| Roads, parks and reserves maintenance  | 714                           | 763                        | 49     | 7%    |

| Insurance  | 294                           | 308                        | 14     | 5%    |
| Foreshore and open space maintenance   | 390                           | 285                        | (105)  | (27%) |
| Tourism, business and event support  | 214                           | 236                        | 22     | 10%   |
| Information technology software and maintenance agreements   | 264                           | 363                        | 100    | 38%   |
| Labour contracts (information technology, building surveyor, heritage advisor and specialist backfill) | 263                           | 289                        | 27     | 10%   |
| Cleaning of council buildings, amenities and BBQ's   | 211                           | 223                        | 12     | 6%    |
| Contribution to Geelong Regional Library<br>Corporation  | 225                           | 231                        | 6      | 3%    |
| Office administration  | 207                           | 205                        | (2)    | (1%)  |
| Buildings, works, plant and equipment maintenance  | 149                           | 197                        | 47     | 32%   |
| Drainage maintenance   | 102                           | 139                        | 37     | 37%   |
| Maternal and Child Health  | 75                            | 77                         | 2      | 3%    |
| Aged care services   | 56                            | 60                         | 4      | 6%    |
| Training and staff development   | 56                            | 55                         | (1)    | (2%)  |
| Non-recurrent operating projects (grant funded)  | 166                           | 105                        | (62)   | (37%) |
| Valuation services   | 7                             | 7                          | 0      | 3%    |
| Total materials and services   | 5,947                         | 6,375                      | 428    | 7.2%  |
| Total materials and services: excluding waste<br>management and non-recurrent expenses                 | 4,153                         | 4,260                      | 107    | 2.6%  |

The Reserve Bank of Australia in its Statement on Monetary Policy issued in February 2023, has projected Consumer Price Index (CPI) to be at 6.75% and 3.5% respectively for 30 June 2023 and 30 June 2024. As a result, it is expected that prices of key service contracts that the Council has entered into will see increases within this range (average price increase of 5.2% for the 2023–24 financial year).

Materials and services are budgeted to increase by \$428,000 (7.2%) compared with the 2022–23 financial year.

However, excluding waste management costs (explained in note '4.1.1(n) Waste management charges') and non-recurrent operating expenses (rates-funded and grant-funded), there is a 2.6% (\$107,000) increase in recurrent expenses.

Approximately \$90,000 cost associated with the parallel running of new and existing systems for planned system changeovers is included under the 'Information technology software and maintenance agreements' category in the above table as a non-recurrent expense.

The most significant increases estimated in recurrent materials and services in the 2023–24 financial year include:

- \$49,000: Roads, parks and reserves maintenance, mainly due to the CPI adjustment at the beginning of the 2023–24 financial year;
- \$47,000: Buildings, works, plant and equipment maintenance, mainly due to the additional building and plant maintenance work expected to be carried out in relation to Council buildings (mainly public convenience);
- \$37,000: Drainage maintenance, mainly due to the Ganes Reserve investigations and de-silting works (\$23,000) expected to be carried out in 2023–24 and the CPI adjustment at the beginning of the 2023–24 financial year;
- \$27,000: Labour contracts (information technology, building surveyor, heritage advisor and specialist backfill), mainly due to the increase in cost associated with caravan park caretakers; and
- \$22,000: Tourism, business and event support, mainly due to the provision of an additional \$15,000 to support ongoing community events (event sponsorships).

Non-recurrent operating projects (a total of \$703,000) in the 2023–24 budget include the following. Except for the first project all other projects are rates funded.

- \$350,000: Development of a Golightly Development and Engagement Plan (this project is funded via sales proceeds from the sale of Murray Road land);
- \$104,000: Continue with the development of the Coastal and Marine Management Plan (CMMP);
- \$90,000: Continue with the review of Fisherman's Flat Heritage Overlay;
- \$30,000: Development of a Disability Action Plan;
- \$20,000: Continue with the development of the Reconciliation Action Plan;
- \$20,000: Installation of signage that includes recognition of Wadawurrung Country and uses Wadawurrung language to identify places;
- \$20,000: Queenscliffe CBD 24-hour toilet for signage, continuous needs analysis given changing circumstances and facility availability;
- \$18,000: Installation of a digital web-based door locking system to the central amenity block of Queenscliffe Tourist Park;
- \$15,000: To conduct a needs analysis for child/family services and facilities, potential inclusion of youth taskforce;
- \$15,000: To conduct a Wadawurrung cultural and heritage review/assessment;
- \$10,000: Lighthouse Arts Collective support programming, notably in the shoulder and offpeak periods (one-off support);

- \$6,000: Conduct Wadawurrung cultural and heritage awareness training for the community and Council; and
- \$5,000: Bull ring tree planting work.

Non-recurrent operating projects (grant funded) in the 2023–24 budget include (a total of \$105,000):

- $\circ~$  \$60,000: Development of an Integrated Water Management (IWM) Plan (100% grant funded); and
- \$44,500: Undertake a beach marker condition assessment (70% grant funded).

#### 4.1.9 Depreciation

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property (buildings), plant and equipment, and infrastructure assets (such as roads and drains).

| Description         | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | nge  |
|---------------------|-------------------------------|----------------------------|--------|------|
|                     | \$'000                        | \$'000                     | \$'000 | %    |
| Property            | 368                           | 383                        | 15     | 4%   |
| Plant and equipment | 148                           | 163                        | 15     | 10%  |
| Infrastructure      | 857                           | 826                        | (31)   | (4%) |
| Total depreciation  | 1,373                         | 1,372                      | (1)    | (0%) |

The projected depreciation expenses for the 2023–24 financial year includes, the additional depreciation expenses associated with the new Queenscliffe Hub facility and the upgraded boat ramp infrastructure asset. The slight decrease in depreciation expenses mainly reflects reduction in depreciation of Council's existing building assets resulting from the revaluation of building assets by a professional independent valuer.

The revaluation of infrastructure is scheduled to be completed in 2022–23. The outcome of this revaluation and its impact on the depreciation expenses is not able to be predicted for inclusion in the 2023–24 budget.

#### 4.1.10 Bad and doubtful debts

| Description                  | Forecast<br>Actual<br>2022–23<br>\$'000 | Draft<br>Budget<br>2023–24<br>\$'000 | Cha<br>\$'000 | nge<br>% |
|------------------------------|---|--------------------------------------|---------------|----------|
| Infringements debtors        | 3                                       | 3                                    | 0             | 0%       |
| Total bad and doubtful debts | 3                                       | 3                                    | 0             | 0%       |

A provision of \$3,000 p.a. for bad and doubtful debts is included in Council's budget, largely relating to infringements. Council works with Fines Victoria to manage the administration and enforcement of infringements.

#### 4.1.11 Borrowing costs

Council does not have any outstanding loans and no new loans are included in the 2023–24 budget.

#### 4.1.12 Other expenses

Other expenses relate to a range of unclassified items including Mayoral and Councillor allowances, internal and external audit fees, photocopier lease expense, asset write-offs and other miscellaneous expenditure.

| Description                       | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Cha    | nge  |
|-----------------------------------|-------------------------------|----------------------------|--------|------|
|                                   | \$'000                        | \$'000                     | \$'000 | %    |
| Councillors' allowances           | 185                           | 196                        | 11     | 6%   |
| Cost of volunteers                | 72                            | 74                         | 2      | 3%   |
| Auditors' remuneration – VAGO     | 45                            | 46                         | 1      | 3%   |
| Operating lease rentals           | 18                            | 18                         | 0      | 3%   |
| Auditors' remuneration – Internal | 16                            | 16                         | 0      | 3%   |
| Other                             | 13                            | 13                         | 0      | 3%   |
| Audit fees – other                | 6                             | 6                          | 0      | 3%   |
| Total other expenses              | 375                           | 370                        | (5)    | (1%) |

Increase in Councillors' allowances is in line with the determination made by the Victorian Independent Remuneration Tribunal.

The cost of the expenditure which may otherwise have been paid by Council in the absence of any contribution from volunteers is estimated be \$74,000 for 2023–24 (\$72,000 in 2022–23).

#### 4.1.13 Net asset revaluation increment

The revaluation of infrastructure assets is scheduled to be completed in 2022–23. The outcome of this revaluation is not able to be predicted for inclusion in the 2023–24 budget.

#### 4.2 Balance Sheet

#### 4.2.1 Assets

| Description                                   | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang   | e     |

| Total non-current assets                      | 177,261                       | 178,641                    | 1,380   | 1%    |
| Total assets                                  | 187,139                       | 187,416                    | 277     | 0%    |

**Current assets** are those assets that are able to be converted to cash within 12 months. These assets are expected to decrease by \$1,103,000 (11%) compared with the 2022–23 financial year, as cash is used to pay for projects carried forward from 2022–23 when they are completed (net movement of 'Cash and cash equivalents' and 'Other financial assets', other financial assets represents term deposits with more than 90 days original maturity). No movement in inventories, prepayments and other assets are budgeted for 2023–24. Variances to this assumption are adjusted in the forecast when known.

**Non-current assets** are those assets which are not expected to be converted to cash within 12 months. Property, infrastructure, plant and equipment is the largest component. These assets are expected to increase by \$1,380,000 (1%) compared with the 2022–23 financial year, as capital works are progressed or completed during the 2023–24 financial year.

Council recognises its interest in the Geelong Regional Library Corporation by recording an investment in its financial statements at a value based on the Borough's underlying interest in the net assets of the service disclosed in its audited financial statements each year. The Borough's share of the net assets is calculated on the same ratio as it contributes to the operating costs of the service. Both the 2022–23 forecast and 2023–24 budget assume no movement in library equity, with adjustments in equity advised by the Geelong Regional Library Corporation to be reported at year-end and the 2023– 24 forecast adjusted accordingly. Annual contributions to Geelong Regional Library Corporation are included as expenditure in the Income Statement.

| Description                   | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | e     |

| Total non-current liabilities | 116                           | 119                        | 3      | 3%    |
| Total liabilities             | 2,333                         | 2,184                      | (149)  | (6%)  |

#### 4.2.2 Liabilities

**Current liabilities** are those obligations Council must pay within the next 12 months. These liabilities are expected to decrease by \$152,000 (7%) compared with the 2022–23 financial year, largely due to more capital expenditure projected for the 2022–23 financial year compared to the 2023–24 financial year, leading to an expected increase in the value of creditor invoices due at 30 June 2023.

Provisions (employee cost provisions for accrued long service leave, annual leave, rostered days off and time-in-lieu owing to employees) are budgeted to increase by \$27,000 (\$24,000 current and \$3,000 non-current), in accordance with the Enterprise Bargaining Agreement and increase in super guarantee with effect from 1 July 2023. Active management of leave balances may result in some forecast savings during the year, and this will be adjusted in 2023–24 should a positive outcome be achieved.

No movement in trust funds and deposits (e.g. tender deposits and bonds paid to Council for future hall hire) and other liabilities (income received in advance for tourist park seasonal package fees and

accrued expenses) is budgeted for 2023–24. Variances to this assumption are adjusted in the forecast when known.

Non-current liabilities are those obligations Council is not expected to pay within the next 12 months.

#### 4.2.3 Borrowings

Council continues to focus on efficient and financially responsible service delivery to achieve outcomes that are valued by our community. Council will continue to explore new approaches to provide services in a tighter fiscal environment.

Council currently has a debt-free balance sheet and no new borrowing is included in the 2023–24 budget.

#### 4.2.4 Leases by category

Council has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets (individual assets worth less than existing capitalisation thresholds for a like asset up to a maximum of \$10,000), including IT equipment.

Council recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

#### 4.3 Statement of Changes in Equity

#### 4.3.1 Equity

| Description                | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | ;e    |
|----------------------------|-------------------------------|----------------------------|--------|-------|
|                            | \$'000                        | \$'000                     | \$'000 | %     |
| Accumulated surplus        | 100,777                       | 101,973                    | 1,197  | 1%    |
| Asset revaluation reserves | 76,675                        | 76,675                     | 0      | 0%    |
| Discretionary reserves     | 7,353                         | 6,583                      | (769)  | (10%) |
| Total equity               | 184,805                       | 185,232                    | 427    | 0%    |

Total equity always equals net assets and is made up of the following components:

- Accumulated surplus, which is the value of all net assets less reserves that have accumulated over time;
- Asset revaluation reserves, which represent the difference between the previously recorded value of non-current assets (property, infrastructure, plant and equipment) and their current valuations; and
- Other reserves, which are funds Council wishes to separately identify as being set aside to meet a specific purpose in the future and for which there is no existing liability. These amounts are transferred from the Accumulated Surplus of the Council and separately disclosed.

\$427,000 of the \$1,197,000 (1%) increase in **accumulated surplus** results directly from the projected surplus for the year. The balance of \$769,000 is budgeted to be transferred from **other reserves** to accumulated surplus. This reflects the usage of cash to partly fund the 2023–24 capital and operating

works program as explained in the note 4.3.2. This is a transfer between equity items and does not impact the total equity.

No change is included in the 2023–24 budget with respect to the **asset revaluation reserve**. While Council's infrastructure assets are scheduled to be revalued in 2022–23, the outcome of this revaluation will not be known until late June 2023.

#### 4.3.2 Other reserves

| Description  | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | e     |
|--|-------------------------------|----------------------------|--------|-------|
|  | \$'000                        | \$'000                     | \$'000 | %     |
| Accumulated unallocated cash reserve (general reserve) | 1,124                         | 1,150                      | 27     | 2%    |
| Asset replacement reserve – allocated                  | 1,342                         | 1,342                      | 0      | 0%    |
| Future calls on defined benefits superannuation        | 40                            | 40                         | 0      | 0%    |
| Funds carried forward to future years                  | 4,883                         | 4,112                      | (771)  | (16%) |
| Waste management reserves                              | (35)                          | (62)                       | (27)   | 76%   |
| Total discretionary reserves                           | 7,353                         | 6,583                      | (770)  | (10%) |

Council's other reserves on the Balance Sheet are budgeted to decrease by \$770,000 (10%) compared with the 2022–23 financial year, predominantly because projects carried forward from 2022–23 are predicted to be completed during the 2023–24 financial year.

Accumulated unallocated cash reserve (general reserve) reserve comprises of the cash surpluses achieved in previous financial years, which have not yet been allocated by Council to specific projects within the Annual Budget. This reserve provides a contingency for responding to emerging risk management and other unbudgeted issues which may arise during the course of the financial year

\$27,000 will be transferred into the general reserve which represents the projected cash surplus for the 2023–24 financial year. \$27,000 is earmarked to fund the deficit in the waste management reserve until the transition cost is received via future waste management charges.

Asset replacement reserves are used to fund future asset renewal requirements. They comprise:

- funds for specific projects earmarked by Council; and
- surpluses resulting from budget efficiencies and additional income received.

No transfer of funds from or to the asset replacement reserve – allocated is budgeted for the 2023–24 financial year.

The **defined benefits superannuation liability reserve** is used as a hedge against future calls which may be made by Vision Super on the defined benefits scheme. Council set aside \$20,000 in each of the 2014–15 and 2015–16 budget years, with a total of \$40,000 remaining in this reserve and no plans to adjust the total.

**Carry forward reserves** are used mainly for holding over funds received / allocated in one year, to be spent in future years. The reserve movement of \$771,000 in 2023–24 reflects;

• \$214,000: transfer from carry forward operating expense reserves to fund the following projects:

- \$104,000: Continue with the development of the Coastal and Marine Management Plan (CMMP);
- \$90,000: Continue with the review of Fisherman's Flat Heritage Overlay;
- \$20,000: Installation of signage that includes recognition of Wadawurrung Country and uses Wadawurrung language to identify places;
- \$556,000: transfer from carry forward capital expenditure reserves to fund the following projects:
  - o \$350,000: Development of a Golightly Development and Engagement Plan;
  - \$130,000: Toch H toilet renewal work;
  - o \$40,000: Safety improvement work at Narrows Beach (Council contribution);
  - \$20,000: Queenscliffe CBD 24-hour toilet for signage, continuous needs analysis given changing circumstances and facility availability; and
  - \$16,000: New bike track concept design.

Proceeds from the sale of Murray Road land are set aside in a separate reserve account. \$350,000 is used from that reserve to fund the development of a Golightly Development and Engagement Plan.

Council uses **Waste management reserves** to hold the net surplus of waste management charges collected from ratepayers compared with the actual costs of waste management paid by the Council. The movement in the waste management reserve is explained in note 4.1.1(n).

#### 4.4 Statement of Cash Flows

#### 4.4.1 Net cash flows provided by operating activities

| Description                                       | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | e     |

| Interest received                                 | 90                            | 298                        | 208    | 231%  |
| Other receipts                                    | 32                            | 237                        | 205    | 645%  |
| Total receipts                                    | 12,929                        | 13,891                     | 962    | 7%    |
| Employee costs                                    | (5,109)                       | (5,412)                    | (302)  | (6%)  |
| Materials and services                            | (5,745)                       | (6,298)                    | (554)  | (10%) |
| Short-term, low value and variable lease payments | (18)                          | (18)                       | (0)    | (3%)  |
| Other payments                                    | (370)                         | (371)                      | (1)    | (0%)  |
| Total payments                                    | (11,242)                      | (12,099)                   | (857)  | (8%)  |
| Net cash provided by operating activities         | 1,687                         | 1,792                      | 105    | 6%    |

Operating activities refer to the cash generated (or used in) the normal service delivery functions of Council.

Net cash provided by operating activities is forecast to increase by \$105,000 (6%) compared with the 2021–22 financial year, mainly due to the increase in interest income and timing of the income received in advance from tourist parks.

| Description  | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang   | e     |
|--|-------------------------------|----------------------------|---------|-------|
|  | \$'000                        | \$'000                     | \$'000  | %     |
| Payments for Property, Infrastructure, Plant & Equipment               | (6,106)                       | (3,015)                    | 3,092   | 51%   |
| Proceeds from sale of Property,<br>Infrastructure, Plant and Equipment | 3,529                         | 75                         | (3,454) | (98%) |
| Proceeds from sale of investments                                      | 6                             | 4,000                      | 3,994   | 100%  |
| Net cash provided by / (used in) investing activities                  | (2,571)                       | 1,060                      | 3,632   | 141%  |

#### 4.4.2 Net cash flows used in investing activities

Investing activities refer to cash provided (or used in) the enhancement or creation of infrastructure and other assets, cash generated from the sale of assets and cash used/generated from investing activities.

There is a reduction in the budgeted investments in Property, Infrastructure, Plant & Equipment for 2023–24.

Proceeds from the sale of property, infrastructure, plant and equipment in 2022–23 include proceeds of \$3.5 million in relation to the sale of Murray Road land.

Proceeds from the sale of investments for 2023–24 reflect the reclassification of term deposits from other financial assets to cash and cash equivalents during the year when reinvested in term deposits with less than 90 days of maturity.

#### 4.4.3 Net cash flows provided by/ (used in) financing activities

| Description   | Forecast<br>Actual<br>2022–23 | Draft<br>Budget<br>2023–24 | Chang  | ;e |
|---|-------------------------------|----------------------------|--------|----|
|   | \$'000                        | \$'000                     | \$'000 | %  |
| Borrowing costs                                       | 0                             | 0                          | 0      | 0% |

| Net cash provided by / (used in) financing activities | 0                             | 0                          | 0      | 0% |

Financing activities refer to cash provided (or used in) the financing of Council functions, including new borrowings from financial institutions and the repayment of principal and interest in each financial year. Council settled its loan liabilities in full in the 2020–21 financial year. No new borrowings are included in the 2023–24 budget.

#### 4.5 Capital Works Program

This section presents a listing of the capital works projects that will be undertaken for the 2023–24 financial year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

#### 4.5.1 Summary

| Description         | Forecast Draf<br>Actual Budge<br>2022–23 2023–24 |        | Cha     | nge     |
|---------------------|--|--------|---------|---------|
|                     | \$'000   | \$'000 | \$'000  | %       |
| Property            | 1,366  | 573    | (793)   | (58.1%) |
| Plant and Equipment | 794  | 408    | (385)   | (48.5%) |
| Infrastructure      | 2,817  | 1,815  | (1,002) | (35.6%) |
| Total               | 4,977  | 2,797  | (2,181) | (43.8%) |

Significant grant funded projects in the 2023–24 financial year include the Point Lonsdale Maritime and Defence Precinct development and the Queenscliffe Recreation Reserve lighting upgrade. Council has maintained its average budgeted expenditure with respect to its Annual Asset Renewal Program for property, plant and equipment and infrastructure assets.

#### Asset expenditure types and funding sources

| Total               | 2,797           | 304                     | 1,664   | 829     |  | 1,417                      | 0        | 1,119           | 186                  | 75             |  |  |

Council has been successful in the past attracting significant grants for key infrastructure projects in the Borough. Community contributions are sought toward projects which benefit a specific user group. Asset sales relate entirely to the annual motor vehicle replacement program. Funds for projects carried forward from 2022–23 are held in reserves on the Balance Sheet until expenditure occurs. The balance of Council's capital works program is funded from rates and charges (excluding waste management).

Capital renewal budget generally follows the expenditure identified in the following asset management documents:

- Roads expenditure follows the recommendations in the 2019 Road Condition and Renewal Modelling Report and the Roads Footpath and Kerb Asset Management Plan 2019;
- Buildings expenditure reflects the 2018 Building Condition Assessment Modelling Report and the Buildings Asset Management Plan 2019;
- Storm water drainage expenditure reflects the Urban Stormwater Drainage Asset Management Plan 2019; and
- Open space expenditure reflects the Open Space Asset Management Plan 2019 in combination with the playground works schedule.

### 4.5.2 Current Capital Work Budget

# 5. Performance and Financial indicators

# **5.1.** Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives.

The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

#### Key to Forecast Trend:

'+' Forecasts improvement in Council's financial performance / financial position indicator , 'O' Forecasts that Council's financial performance / financial position indicator will be steady and '-' Forecasts deterioration in Council's financial performance / financial position indicator

### Notes to indicators

- 1. Satisfaction with community consultation and engagement Target is well above the State-wide average and small rural Council average of 54.
- 2. Planning applications decided within the relevant required time Target is above the State-wide average of 67% and small rural Council average of 69%.
- 3. Kerbside collection waste diverted from landfill Target is above the State-wide average of 48% and small rural Council average of 38%.
- 4. Rates concentration Rates and charges continues to represent a significant source of income for Council.

- 5. *Expenditure level* The majority of expenditure incurred by Queenscliffe is non-discretionary and part of managing the services expected of a local council. Given the very small ratepayer base, this translates into a level of expenditure per property assessment which is higher than the outcome for most of the other local councils. However, the target is still below the small rural Council average of \$4,036 per property assessment.
- 6. *Adjusted underlying result* This is an important measure of financial sustainability and an indicator of the operating result required to enable Council to continue to provide core services and meet its objectives.

The Local Government Performance Reporting Framework (LGPRF) based projected underlying result for the 2023–24 year is a deficit of \$990,000 (-7.9%).

The LGPRF based underlying result is impacted by the timing of recurrent operating grants (especially FAG), non-recurrent operating grants and nonrecurrent operating expenses included in the budget of a particular year. As a result, the underlying result is more meaningful when it is assessed excluding the impact of non-recurrent operating income and expense items and adjusted for the timing of recurrent operating grants, where applicable, as defined in the Council Plan of the Borough.

The projected adjusted underlying result based on the Council Plan definition (Council Plan measure) for 2023–24 is a deficit of \$56,000 (-0.49%). The impact due to the increase in employee cost has been offset to a greater extent by additional interest income from term deposits due to elevated investments in term deposits and projected above-average interest rates for the 2023–24 financial year.

- 7. Unrestricted cash Term deposits with original maturities of more than 90 days are considered restricted cash. However, the budget indicates that Council will have sufficient cash not restricted by any external obligation to cover its current liabilities. The budget is prepared based on the assumption that Council will invest in term deposits with original maturities of more than 90 days to optimise interest income in line with Council Policy CP011: Investment of Available Funds.
- 8. *Revenue level* Rate revenue represents a high proportion of Queenscliffe's revenue. Given the very small ratepayer base, this translates into a level of rate revenue per property assessment which is higher than the outcome for most of the other local councils.

# Appendix A: Fees and charges schedule

This appendix presents the fees and charges of a statutory and non-statutory nature which will be charged in respect to various goods and services provided during the 2023–24 year.

The following information is listed for each type of fee charged by Council:

- Program / activity to which the user fee relates (example: law enforcement)
- Type of fee charged (example: dog registration)
- More details regarding each fee type (example: dog registration sterilised dog)
- An indication as to whether the fee is legislated or at the discretion of Council
- Whether the fee is inclusive of GST, or if in fact GST does not apply to the fee
- Fees for both the current year (2022–23) and proposed fees for the next year (2023–24)
- % increase in fees compared with that charged for the previous year
