Off-leash dog area survey now open

OFF-LEASH DOG AREA SURVEY

In response to strong community interest, Council is exploring possible locations for a dedicated off-leash dog area, and we'd love to hear your thoughts!

We've heard from the community they would like a safe, accessible space (in addition to the dog beach) where dogs can run freely, and their owners can enjoy the benefits of outdoor activity and social connection.

To guide this process, we've put together a short survey to better understand your thoughts on a possible off-leash area. Your feedback will help us identify the most suitable location and ensure the space meets the needs of both dog owners and non-dog owners in our community.

Have your say and complete the survey on our website - boq.news/OffLeashDogArea

UPDATE ON ROYAL PARK OVAL

Works are well underway on the new fencing at Royal Park Oval, and it's looking great.

As construction continues on-site, a gentle reminder access to the oval is currently not permitted for safety reasons.

We appreciate your patience as we deliver these important upgrades to improve the space for all park users.

If you have any questions or concerns, please don't hesitate to contact Council.
